Submission No. 1284  
(Inq into better support for carers)

REC 24/9/08

Dear Secretary

I wish to make a submission to the House of Representatives Standing Committee on Family, Community, Housing and Youth's Inquiry into Better Support for Carers.

As a Carer, I feel that my role is ....

I need help with ...

the struggles of making the ends meet from time to time - too much stress of not being understood, financial restraint, study fee pressure, lack of support in emotion

I think the Government can better help Carers by ...

amending the rules apply on carers from "the calculation of carers' allowance" when they have to work for extra expenses eg. Uni fee, transport fee, leave/holiday allowance etc. Thanks.

Thank you for taking my views into consideration as part of the Committee's Inquiry. I look forward to reviewing any recommendations you make to improve life for Carers in Australia.

Yours sincerely

I sincerely urge the government to use a different formula to calculate carer's income so that carer who works and earn more with the 25-hour- per -week rule can feel the compassion of the government and recycle his/her compassion to benefit others by getting a more reasonable sum of payment after hard work outside the carer's role.
