Supp Submission No. 909.1

(Inq into better support for carers)

This may be too late for submissions however on consideration
I would also like to propose the ideas of:

1 A holiday home for carer and the cared for, in the form of Children's Holiday Homes. We have so much, until now, enjoyed the change of environment during, and at years end. This may be considered as someone organising a holiday & helping with packing and delivering carers & clients to the plane, train, bus etc. This may only be applicable to married couples where one has all the load.

2. Trained staff in all areas of care would be also much appreciated. I believe this was probably in my last submission. Since having written I was sent a cleaner for 1 1/2 hours who was excellent. **She had worked in a motel.** I only hope the same lass comes again this fortnight. She was willing to be told what I really would appreciate being done. She left me smiling & looking forward to such good service.

Thanking you.
