Submission 7
TT 17 June 2008

Ladies & Gentlemen of the JSCT

In considering this and all other free trade agreements, please ensure that:

- A. There is a "sunset Clause" five or ten years down the track so that we have the opportunity to review the agreement and make any adjustments deemed necessary (particularly to overcome any unforeseen consequences).
- B. Public services are not included in any FTA. Such inclusion restricts the actions of our elected representatives.

Thank you
