Dear Joint Committee on Treaties,

As an organisation, we object to any ratification of the 'Lombok Treaty'.

The Indonesian military has little in common with our own, having a long history of abuses against the domestic population.

We know that training with the ADF has no effect on this.

The TNI has not faced up to its many abuses. No justice has been done.

We demand, no Lombok Treaty, no ratification.

Yours sincerely,

Stephen Langford
(Secretary AETA NSW)
