

Submission No. 143

The Secretary
Joint Standing Committee on Treaties
Parliament
JSC on Treaties -Re:ICC

Dear Sir/Madam,

As an Australian Tax Payer and an Australian born Citizen I raise absolute objection to International Interference in the running of the Australian Legal System and of the Australian Government and our Laws.

The People and Government of Australia must query what is the agenda behind this push to have treaties signed which over rule the Australian Law and wishes of the Australian people and the Australian constitution.

The Fabian Marxist humanist feminist have already altered the Australian way of life by infiltrating positions of power.

Quotation by Bob Hawke as published,inter alia,"for our reforms to endure,the whole mood and mind and attitudes of the nation must be permanantly changed." He and his fellow Fabians were committed to deeper and longer range"task of establishing, in the mood and mind of this nation, permanent acceptance of the naturalness and inevitability of change and reform, as the authenic Australian way of life. And that,for the first time in our history, is what this Labour Government is attempting."

The speech from the privately held centenary dinner for the Fabian Society Melbourne Australia May 1984.
Brief editorials in the weekly "National Times" and the Sydney "Daily Telegraph".

The stability of the future of Australia must be protected at all costs and no more of our rights signed over to International control by Treaties.

Any future treaties must be carefully scrutinised as to whether they are of benefit to and are in the best interest to Australia.

Yours sincerely,

E. Brown
