Subject: Bankruptcy Legislation

Dear Ms Gould,

I am horrified at the governments ham fisted attempt to crack down on a very small number of barristers who have played the system by proposing legislation that will undoubtedly sink thousands of honest taxpayers each year. It once again shows a complete lack of understanding of the consequences of the draft legislation released for comment.

I write supporting the submission against the bill, lodged by the Institute of Chartered Accountants in Australia (ICAA).

I trust that you will record my support for the ICAA's submission.

Yours faithfully
