

PETITION

To the Honourable The Speaker and Members of the House of Representatives assembled in Parliament:

The petition of certain citizens of Australia draws to the attention of the House their strong protest with unfair industrial laws for the building and construction industry which:-

- denies employees in that industry basic democratic and work rights
- undermines the safety and conditions of the thousands of hard-working Australians in the industry
- has made workers the target of court prosecutions and fines by the politically motivated office of the Australian Building and Construction Commissioner

Your petitioners therefore ask the House to immediately repeal the *Building and Construction Industry Improvement Act 2005* (Cth). And therefore abolish the ABCC.
