

**TO THE HONOURABLE THE SPEAKER AND MEMBERS OF
THE HOUSE OF REPRESENTATIVES**

This petition of the residents of Colac and District

draws to the attention of the House that the price of petrol in Colac appears to be set by two major food retailers and there is no effective competition between them.

We therefore ask the House to: take positive action to provide the residents of Colac and District with a fair pricing structure for fuel and call on the Government to investigate the practice of monopoly fuel outlets and their impact on rural communities.
