

SUBMISSION NO, 30

J. E. FLANNAGAN

TO HOUSE OF
REPRESENTATIVES STANDING COMMITTEE
ON AGRICULTURE.

DEAR SIR,

I am writing a
submission on the issue of
Wild dog control.

At the time of writing I have
grave concerns on the matter
as I have several properties on which
I run sheep and cattle.

Over the last two (2) months

the current dog traps has
destroyed so in that 40 wild dogs
adjacent to my sheep property
would damage the electric
fencing that let the wild dogs
enter my property. If the dog
traps cease to work I am to

my productivity may drop - will be
decreased by wild dogs
& I need that the dog handler
will be released for at least
12 months to help to solve
my dog problem.
