

## Public Works Inquiry

# Fit-out of New Leased Premises for the Australian Customs Service at Sydney International Terminal, Sydney

The federal parliament's Public Works Committee is conducting an inquiry into works to be undertaken at the new leased premises of the Australian Customs Service at Sydney International Airport. At an estimated cost of \$13.4 million, the proposed fit-out will enable Customs to realise a number of operational and administrative efficiencies by consolidating its Sydney operations at a single purpose-built facility.

If you have any comments to make on the proposed work, including its need, cost and value for money, please write by 22 April 2003 to:
