My name is Mrs Merle McMurtrie, [REDACTED]
[REDACTED]

We live in a small complex of 32 apartments. In 2009 our strata insurance policy was \$12,000. In 2010 it doubled to \$24,000.

In 2011 our first quote [REDACTED] was \$96,000. Our strata manager contacted an insurance broker and he was able to get our insurance down to \$56,000. This is still far too high.

During Yasi we had **no damage, nor** lost electricity.

I can not understand how the government can stand by and allow this sort of thuggery/extortion to continue.

Thankyou.
