(Inq into better support for carers)

Dear Secretary

I wish to make a submission to the House of Representatives Standing Committee on Family, Community, Housing and Youth's Inquiry into Better Support for Carers.

As a Carer, I feel that my role is

To be a competent carer for my daughter Sunisa and to
care for her needs which may become more demanding in the future.

I face the following problems ...

I have been seriously depressed and harassed by the amount
of correspondence that I have been receiving during this time
resulting in me losing my ability to walk, see or hear things
that depress me, Also I am having problems resulting from the
the very slow recovery that I am experiencing from my hernia.
I need help with ...

The number of legal documents that seem to arrive every day.
These letters take too much of my time .

I think the Government can better help Carers by ...

The Government is being too hard on pensioners and have made
it impossible for a pensioner to survive in Australia. and the
Option for a pensioner is to leave and live elsewhere.

Thank you for taking my views into consideration as part of the Committee's Inquiry. I look forward to reviewing any recommendations you make to improve life for Carers in Australia.

Yours sincerely
