

Submission No.....	104
Date Received.....	<i>MS</i>

Just a couple of short thoughts to ponder on.

I will never forget a man who spent over 4 years in detention saying that that no one can give him his time spent in detention back not even one minute.

The sight of seeing a thirteen year old boy with scares down his arms from self harm and seeing babies in pushers in a detention centre will never leave me.

It is a black time in Australian history.

Yours Sincerely
Margaret O'Donnell
