

# PETITION

TO THE HONOURABLE THE SPEAKER AND MEMBERS OF THE  
HOUSE OF REPRESENTATIVES ASSEMBLED IN PARLIAMENT

The petition of certain residents of the Northern Territory of Australia draws to the attention of the House the drastic need for Commonwealth to allocate sufficient funds from the \$22.3 billion AusLink 2 program to:

**Upgrade the Port Keats Road to sealed, all weather condition.**

The Port Keats Road provides access to Wadeye, the largest Indigenous town in the Australia; and also several thousand other indigenous residents. The economic and social prosperity of the people of this region depends on the upgrade of this road.

Your petitioners therefore requests the House commit to this project.
