Subject: inquiry into residential Strata Insurance
Date: Monday, 16 January 2012 10:01:56 AM

Dear Sirs

I wish to lodge my submission in relation to the requested inquiry into the insurance issue currently facing North Queensland residents and in particular Cairns. I own an investment property and two management rights complexes. The increase insurance to all properties has been astronomical.

I will be lodging in further details later this morning full accounts of this for these properties and also in relation to a Hotel business that I manage.

These increases are not sustainable.

Regards

Jeanine Cooke
