Subject: Dramatic Increases to Strata Title Insurance Policy Rates

Dear Sir,

I am writing to express my disgust and dismay at the recent increase of Strata Title Insurance Rates

It is nothing short of highway robbery by the insurance companies, as it is government law, that we do not have a choice not to insure, at these extremely inflated premiums

This badly needs Government intervention, as I am a retired Pensioner and can't afford to live in my own residence

I would like your guarantee that when the opposition gains office in a few months, it will definitely act on this matter, and not shilly shally with feeble excuses and lack of action

Yours faithfully

W A Beldan,
