Program 2.2: Migration

BE20-341 - Transitory persons in Australia - Length of time in APODs

Senator McKim asked:

How long transitory people in APODs have been there on average?

a. Please provide a deidentified breakdown of individual times.

Answer:

As at 31 August 2020, there were 184 transitory people in Alternative Places of Detention (APODs).

Of these, the average number of days in APODs was 322 days.

Days in APODs	Count
7 days or less	0
8 days to 31 days	0
32 days to 91 days	0
92 days to 182 days	18
183 days to 365 days	93
366 days to 547 days	67
548 days to 730 days	6
Greater than 730 days	0
Total	184
