**Portfolio question number: BI-08**

**2022-23 Budget estimates October and November**

**Economics Committee, Industry, Science and Resources Portfolio**

**Senator Susan McDonald:** asked the Department of Industry, Science and Resources on 8 November 2022—

Senator McDONALD: I want to move to industry engagement, roundtables and summits. How many roundtables or summits has Minister King or representatives from her office attended since 22 May this year?

Ms Quinn: I'd have to take that on notice. There were a large number of roundtables in the lead-up to the Jobs and Skills Summit. It was just as I arrived in the department, but I think it was in excess of 20 or so. But how many hours work-

Senator McDONALD: How about you take that on notice, please?

Ms Quinn: Absolutely, because there have been other ones around other policy issues et cetera, so I'm happy to take that on notice. So you asked about roundtables-

Senator McDONALD: Roundtables or summits Could I have a list of these events with dates, where and who was invited? Were the events on application or by invitation only or a combination of that?

Ms Quinn: I'm happy to take that on notice.
