Senator Steph Hodgins-May: asked the Airservices Australia on 14 November 2024

Airservices are considering a specific design option for one or both of the overland departure routes that currently operate from the legacy runway between 10pm and 6am, serving flights with destinations in the north and west (the 19L WACKO and BIXAD SIDs) . When will Airservices submit an application to the Civil Aviation Safety Authority to obtain approval for introducing this non-standard procedure?
