- (3) Does the ANEF/ANEC methodology sufficiently allow for the impact and disturbance cause by noise at night and has it been criticised for this deficiency.
- (4) Is it a fact that the USA is discarding the ANEF/ANEC methodology; if so, what methodology does it use to forecast airport noise levels.
- (5) Does the use of ANEF/ANEC methodology sufficiently satisfy important social and environmental concerns.

*231 **MR PRICE:** To ask the Minister for Transport and Regional Services—

- (1) Does the Badgerys Creek environmental impact statement (EIS) base the assessment of noise impacts on average noise levels; if so, why.
- (2) Does the averaging technique smooth out peak noise levels.
- (3) Has his attention been drawn to international criticism of averaging noise levels to determine noise impacts.
- (4) Is it a fact that residents are affected more by peak than by average noise levels.
- (5) If the EIS is based on average noise levels, does it understate the noise impacts on residents of western Sydney; if not, why not.

*232 **MR PRICE:** To ask the Minister for Transport and Regional Services—

- (1) Did the Badgerys Creek environmental impact statement (EIS) consider the contribution of airport and aircraft noise to sleep disturbance; if so, how.
- (2) Did the EIS canvass international literature on aircraft noise and sleep disturbance; if so, with what conclusion.

- (3) Did the EIS identify noise levels at night that cause sleep disturbance, leading to physiological and psychological harm; if so, what levels; if not, why not.
- *233 **MR PRICE:** To ask the Minister for Transport and Regional Services—
- (1) Did the Commonwealth's environmental auditor criticise the Badgerys Creek environmental impact statement (EIS) on the matter of the potential of elevated noise levels to harm health; if so, did he accept the criticism; if not, why not; if so, what action has he taken to address the criticism.
 - (2) If the EIS was in error on the potential of elevated noise levels to harm health, who was responsible, his Department or the consultants who prepared the EIS.
- *234 **MR PRICE:** To ask the Minister for Transport and Regional Services—
- (1) Does the Badgerys Creek environmental impact statement adequately address the impact of aircraft noise on the education process in educational facilities.
 - (2) Did the EIS canvass international literature on the impact of aircraft noise on the education process; if not, why not.
 - (3) Has his attention been drawn to studies indicating that the performance of children learning at school or home is more sensitive to noise impact than most other sectors of the community; if so, were the studies taken into consideration during the preparation of the EIS; if not, why not.
 - (4) Did the NSW Environment Protection Agency estimate that children in as many as 300 schools in western Sydney could be adversely affected by aircraft noise at a Badgerys Creek airport.
- *235 **MR PRICE:** To ask the Minister for Transport and Regional Services—
- (1) Has the NSW Environment Protection Agency developed a sophisticated model of the Sydney airshed; if so, was the model used in preparing the Badgerys Creek environmental impact statement (EIS); if not, why not.
 - (2) Were inadequate methodologies adopted as a basis for the air quality assessment in the EIS; if so, (a) why and (b) what action will he take to rectify the use of inadequate methodologies.
- *236 **MR PRICE:** To ask the Minister for Transport and Regional Services—
- (1) Did the assessment of air quality impacts in the Badgerys Creek environmental impact statement (EIS) allow for an estimated 70 000 motor vehicle movements per day associated with airport traffic; if not, why not.
 - (2) Did the EIS present a misleading understatement of the impact on air quality; if not, why not.
- *237 **MR PRICE:** To ask the Minister for Transport and Regional Services—
- (1) Would the development of a second Sydney airport at Badgerys Creek and the associated aircraft and ground vehicle emissions lead to a significant increase in the concentration of oxides of nitrogen in western Sydney's air.
 - (2) Are oxides of nitrogen known to increase the incidence of respiratory problems such as asthma.

- (3) Did the Badgerys Creek environmental impact statement allow for increased concentration of oxides of nitrogen; if not, why not.
- *238 **MR PRICE:** To ask the Minister for Transport and Regional Services—In view of Australia's agreement to restrict greenhouse emissions following the Kyoto conference, did the Badgerys Creek environmental impact statement consider the contribution of the airport and associated ground traffic to greenhouse gas emissions; if not, why not.
- *239 **MR PRICE:** To ask the Minister for Transport and Regional Services—
- (1) Do pollutants such as reactive organic chemicals and fine particles which are produced in motor vehicle and aircraft exhaust streams contribute to increases in the incidence of various cancers.
 - (2) Did the Badgerys Creek environmental impact statement ignore the impact on health of reactive organic chemicals and fine particles; if so, why.
- *240 **MR L. D. T. FERGUSON:** To ask the Minister representing the Minister for Communications, Information Technology and the Arts—
- (1) What award or other provisions for Defence Reserve leave apply to Telstra employees.
 - (2) Has Telstra management indicated that Defence Reserve leave is under review and that it is proposed to restrict each employee to a maximum of two weeks leave each year.
 - (3) Is it a fact that the system of common induction training for the Army which was introduced by the Government requires new Army Reservists to be absent from civilian employment for up to seven weeks.
 - (4) Will the circumstances described in the previous parts of this question discourage Telstra employees from enlisting in the Army Reserve; if so, is this consistent with the Government's intentions for the Army Reserve.
