#### **Notices—*continued***

- 1 **MR ALBANESE:** To move—That this House:
- (1) recognises the importance of affordable, quality child care for Australian parents;
  - (2) deplors the lack of childcare facilities available to Members, Senators and staff working at Parliament House, noting that this lack of workplace child care has led to increased difficulties for parents working at Parliament House following the Coalition's attacks on child care over the past 3 years;
  - (3) condemns the Howard Government for its massive attacks on child care and notes that in the course of the first Howard Government childcare funding was slashed by a total of \$800 million; and
  - (4) expresses its concern that these cuts have resulted in fee rises, the closure of childcare centres and women being forced out of the paid workforce, instead of providing families with a choice about how they care for their children. (*Notice given 12 November 1998. Notice will be removed from the Notice Paper unless called on on any of the next 2 sitting Mondays after 29 March 1999.*)
- 2 **MR MOSSFIELD:** To move—That this House:
- (1) notes the decline in home ownership in Australia;
  - (2) agrees to refer the issue of declining home ownership to the Standing Committee on Family and Community Affairs to consider ways of increasing home ownership in Australia; and
  - (3) determines that, as well as the general reference; the standing committee inquire into the feasibility of the use of the family payment for the purpose of the deposit for a first family home and particularly examine how this might assist low income families to purchase their own home. (*Notice given*

*12 November 1998. Notice will be removed from the Notice Paper unless called on on any of the next 2 sitting Mondays after 29 March 1999.)*

**3 MR ANDREN:** To move—That this House:

- (1) notes the discrepancies and contradictions in expert assessments of Australia's optimum population;
- (2) recognises the damage caused to the nation's social fabric by ill-informed and emotive comments on the nation's immigration program;
- (3) notes that population growth is ultimately a product of fertility rates and levels of net immigration, while acknowledging that Australia has a limited carrying capacity, both ecologically and economically;
- (4) notes that without a population policy Australia risks a continuation of the divisive scapegoating of minority ethnic groups; and
- (5) calls for the convening of a national population forum to consider and propose a population policy for Australia and the social and concrete infrastructure required to sustain that population. *(Notice given 24 November 1998. Notice will be removed from the Notice Paper unless called on on any of the next 2 sitting Mondays after 29 March 1999.)*

**4 DR THEOPHANOUS:** To move—That this House:

- (1) acknowledges the importance of the 50th anniversary of the Universal Declaration of Human Rights and reaffirms the commitment of the Australian people to that Declaration;
- (2) affirms the principle that those guilty of gross abuses of human rights, especially genocide, torture and arbitrary killing of political opponents should be brought to account before the international community;
- (3) welcomes, on the basis of this principle, the decision of the British House of Lords not to grant immunity from prosecution to the former Chilean dictator, Augusto Pinochet, who has been accused of many crimes during the period of his reign;
- (4) calls upon the British Government to now act to expedite the extradition of Mr Pinochet to Spain, where the courts are seeking to prosecute him for such crimes; and
- (5) acknowledging that there are many Chilean Australians whose relatives have been killed or disappeared under Pinochet's rule, calls on the Australian Government to actively support the extradition of Mr Pinochet to Spain and to support all actions to ensure Mr Pinochet is brought to account for his actions. *(Notice given 30 November 1998. Notice will be removed from the Notice Paper unless called on on any of the next 3 sitting Mondays after 29 March 1999.)*

**5 MR ANDREN:** To move—That this House:

- (1) notes the article in the *Canberra Times* of 14 November 1998 and the feature broadcast on 3 December 1998 by 'A Current Affair' alleging the profligacy of the Parliament's corporate administration;
- (2) notes the considerable achievements of parliamentary staff in providing support services to honourable members under the present five department structure;

- (3) notes the history of failed attempts to amalgamate the parliamentary departments dating back to 1910 that have failed because of either political factors or bureaucratic opposition to change;
  - (4) notes the reported savings made by several Commonwealth agencies, including the Departments of Defence and the Prime Minister and Cabinet, by the use of organisational restructuring and competitive tendering and contracting arrangements for the provision of corporate support services;
  - (5) agrees that the Commonwealth Parliament, as the pre-eminent institution of public sector accountability, should have a support structure that meets the requirements of economy, efficiency and effectiveness it expects and demands of all publicly funded agencies;
  - (6) agrees that there is scope for rationalising the present five departmental structure to achieve cost savings that can be re-allocated to needy areas of public expenditure; and
  - (7) requests the Joint Committee of Public Accounts and Audit, as the audit committee for the Parliament, to initiate an efficiency audit of the current parliamentary corporate support arrangements.   - (2) notes the large number of middle-aged persons who have been retrenched in Australia and who have little chance of obtaining further employment;
  - (3) recognises that aged care services should provide a continuity of care in which services come to the people;
  - (4) further recognises that many older persons who have been retrenched will have used up their superannuation entitlements by retiring age and will need to fall back on the aged pension; and
  - (5) agrees that more work needs to be done to preserve Australian jobs, so that people are free to make their own retirement decisions based on quality of life issues rather than be forced to retire due to a management decision of their employer. (*Notice given 10 February 1999. Notice will be removed from the Notice Paper unless called on on any of the next 5 sitting Mondays after 29 March 1999.*)
- 7 **DR THEOPHANOUS:** To move—That the House:

**9 MRS CROSIO:** To move—That the House:

- (1) notes the high number of self-funded retirees in Australia who are struggling financially at the present time;
- (2) recognises that the Howard Government's GST will create greater financial hardship for thousands of self-funded retirees because it taxes the essentials of life, will make people receiving low fixed incomes from superannuation or other measures pay the same rate of tax as people on higher incomes and offers inadequate financial compensation; and
- (3) investigates other means of offering financial assistance and incentive to struggling self-funded retirees distinct from a Goods and Services Tax. *(Notice given 8 March 1999. Notice will be removed from the Notice Paper unless called on on any of the next 7 sitting Mondays after 29 March 1999.)*
