PRIVATE MEMBERS' BUSINESS—*continued*

Notices given for Monday, 6 December 1999

- *1 **MR SNOWDON:** To move—That this House, noting the desire of the Australian community to satisfactorily resolve outstanding issues concerning the stolen generations referred to in the recommendations of the report by the Human Rights and Equal Opportunity Commission, *Bringing Them Home*:
- (1) calls on the Government:
 - (a) to settle the stolen generation case currently before the Federal Court in the Northern Territory; and
 - (b) after consultation and agreement with appropriate representatives of the stolen generations, to:
 - (i) establish an alternative dispute resolution tribunal to assist members of the stolen generations by resolving claims for compensation through consultation, conciliation and negotiation,

rather than adversarial litigation and, where appropriate and agreed to, deliver alternative forms of restitution; and

- (ii) set up processes and mechanisms, which are adequately funded, to:
 - (A) provide counselling;
 - (B) record the testimonies of members of the stolen generations;
 - (C) educate Australians about their history and current plight;
 - (D) help them to establish their ancestry and to access family reunion services; and
 - (E) help them to re-establish or rebuild their links to their culture, language and history; and
- (2) calls on the Government to refer the following matters to a Joint Committee of the Parliament for inquiry and report by the last sitting day of the first sitting week in October 2000:
 - (a) the adequacy and effectiveness of the Government's response to the recommendations of the *Bringing Them Home* report;
 - (b) appropriate ways for Governments to implement paragraph (1)(b) of this resolution;
 - (c) effective ways of implementing recommendations of the *Bringing Them Home* report including an examination of existing funding arrangements;
 - (d) the impact of the Government's response to recommendations of the *Bringing Them Home* report with particular reference to the consistency of this response with the aims of the Council for Aboriginal Reconciliation; and
 - (c) the consistency of the Government's response to recommendations of the *Bringing Them Home* report with the hopes, aspirations and needs of members of the stolen generation and their descendants. (*Notice given 25 November 1999.*)

*2 **MR ADAMS:** To move—That this House:

- (1) notes that dumping of cement from Indonesia, China, Malaysia and Thailand is significantly undercutting Australian cement prices;
- (2) notes substantial industry investment and cost cutting has made the Australian cement industry cost competitive, but the companies cannot compete against imports being sold below their cost of manufacture;
- (3) notes dumping is threatening the viability of Australia's cement industry operations, with a real threat of plant closures unless urgent action is taken; and
- (4) calls on the Government to
 - (a) recognise the threats to the cement industry by dumping;
 - (b) recognise the efforts of the Australian industry to comply with environmental safeguards that the dumping countries are not being made to follow;

- (c) ensure that immediate action is taken under our current anti-dumping legislation to protect the Australian industry; and
 - (d) take steps to protect all industries that are susceptible to dumping. (*Notice given 25 November 1999.*)
-

Notices—continued

1 **MRS CROSIO:** To move—That the House:

- (1) notes with concern that the Environmental Impact Study (EIS) of the Badgerys Creek Airport proposal does not contain an examination of the extent to which a very fast train link between Sydney and Canberra—and eventually from Canberra to Melbourne—would reduce domestic air traffic at Sydney's Kingsford-Smith Airport and therefore negate the need to make an immediate decision on building a second international airport in the Sydney basin;
- (2) recognises that building a 24-hour international airport at Badgerys Creek will attract an estimated 77 000 extra daily vehicle movements on western Sydney's already congested roads and the disastrous economic, social and environmental problems that such a traffic explosion would cause;
- (3) notes with concern that the EIS auditor, the Snowy Mountains Engineering Corporation (SMEC), has revealed that a cost-benefit analysis of the Badgerys Creek Airport proposal does not support the construction of an airport at this site;
- (4) acknowledges that building a 24-hour international airport at Badgerys Creek will endanger the Greater Blue Mountains area being declared a World Heritage site; and
- (5) recognises that 10 of the 11 councils that will be affected by the proposed Badgerys Creek airport and both the NSW State Government and Opposition are against the airport's development. (*Notice given 24 June 1999. Notice will be removed from the Notice Paper unless called on on 6 December 1999.*)

2 **MR PRICE:** To move—That the House:

- (1) notes with concern the Government's apparent lack of concern regarding the economic, social and environmental impacts of the proposed development of a 24-hour airport at Badgerys Creek;
- (2) recognises that the residents of Mount Druitt, Rooty Hill, Whalan, Tregear, Emerton, Dharruk, Hebersham, Oxley Park, St Clair, St Marys, Plumpton, Doonside, Minchinbury, Shalvey, Willmot, Bidwell, Blackett, Hassall Grove, Glendenning, Marsden Park, Lethbridge Park, Colyton, Erskine Park, Eastern Creek and Blacktown will be adversely affected by the construction of the airport;
- (3) notes that the State Government, State Opposition and 10 Western Sydney Councils are opposed to the construction of an airport on this site;
- (4) acknowledges that alternative sites for an airport have not been fully investigated;

- (5) acknowledges that alternative options for a more efficient use of existing Sydney airports have not been fully investigated;
- (6) acknowledges that the draft Environmental Impact Study (EIS) is fundamentally flawed in regards to its terms of reference and its outcomes;
- (7) recognises that the full EIS has not been an open and transparent process; and
- (8) regrets the failure of the Government to release the final EIS. (*Notice given 24 June 1999. Notice will be removed from the Notice Paper unless called on on 6 December 1999.*)

3 MRS IRWIN: To move—That the House:

- (1) notes that during the 1996 election campaign, the Government promised the people of Western Sydney an open, transparent and accountable process in determining the future for the Badgerys Creek airport site;
- (2) notes with concern that the release of the final Environmental Impact Study (EIS) of the Badgerys Creek airport has been continually delayed by the Government, despite its stated intentions to release it, in clear breach of their election promises;
- (3) acknowledges that the residents of Ashcroft, Bonnyrigg, Busby, Cabramatta, Cabramatta West, Canley Heights, Canley Vale, Cartwright, Edensor Park, Green Valley, Heckenberg, Hinchinbrook, Lansvale, Liverpool, Miller, Mt Pritchard, Sadleir, St Johns Park, Warwick Farm and Wakely have the right to be fully informed of the impact of the construction of a 24-hour international airport at Badgerys Creek;
- (4) recognises that 10 Western Sydney councils, the State Government and the State Opposition are opposed to the construction of the Badgerys Creek airport;
- (5) acknowledges the growing concern by the people of Western Sydney about the potential impact of the airport and their falling confidence levels in the EIS process and the manner in which the Government is handling the development of Sydney's second airport; and
- (6) recognises that the Government has failed to examine in detail alternative proposals to Badgerys Creek for the second airport's location and alternative proposals for more efficient use of existing airport infrastructure in Sydney. (*Notice given 24 June 1999. Notice will be removed from the Notice Paper unless called on on 6 December 1999.*)

4 MR L. D. T. FERGUSON: To move—That the House:

- (1) recognises that building a 24-hour international airport at Badgerys Creek will unfairly shift many of the environmental and social problems currently facing the residents living in the vicinity of Sydney's Kingsford-Smith Airport on to the residents of western Sydney;
- (2) notes that by the time an international airport built at Badgerys Creek is fully operative, the population in Sydney's greater west that will surround the development and be affected by its operations will have reached close to 2 million;
- (3) notes the already high levels of air pollution endured by the people of western Sydney and the increasing rates of respiratory illness suffered by the

area's population and that a 24-hour international airport at Badgerys Creek would only exacerbate the problem; and

- (4) questions the suggested job growth figures that will eventuate following the development of an airport at Badgerys Creek. (*Notice given 24 June 1999. Notice will be removed from the Notice Paper unless called on on 6 December 1999.*)

5 MR MOSSFELD: To move—That the House:

- (1) notes the ongoing opposition by local residents to the building of an airport at Badgerys Creek by many Western Sydney MPs including Government and Opposition parties and local government groups;
- (2) notes that opposition to the proposed airport was made a key issue in most Western Sydney electorates by all party candidates during the last federal election;
- (3) recognises that the serious and justifiable concerns expressed by residents of inner Sydney to the noise and pollution effects caused by Kingsford-Smith Airport cannot be solved by simply moving the whole problem out to and onto Western Sydney residents;
- (4) acknowledges that both the NSW Carr Government and the Chikarovski Opposition oppose the building of an airport at Badgerys Creek;
- (5) challenges the claim of massive job creation by any such building of Badgerys Creek and declares that existing employees would merely transfer their worksite from Kingsford-Smith to Badgerys Creek; and
- (6) calls on the Government to quickly abandon the Badgerys Creek airport proposal and place any new second airport outside the Sydney basin. (*Notice given 24 June 1999. Notice will be removed from the Notice Paper unless called on on 6 December 1999.*)

6 MR K. J. THOMSON: To move—That the House:

- (1) following the findings of the Dawson Royal Commission into the Longford gas explosion, condemns the Kennett Government for its failure to give legislative backing to the National Standard for Control of Major Hazard Facilities;
- (2) notes that if the Kennett Government had passed legislation as the federal and Western Australian Governments have done the disaster may well have been averted;
- (3) notes that the Oil and Gas platforms in Bass Strait are the subject of the national standard but not Longford, which is only 120 kilometres away, because it is under State jurisdiction; and

- (3) recognises the concerns expressed by the Commonwealth Ombudsman, Amnesty International, the Refugee Council of Australia, the Human Rights Commissioner and others, concerning the arbitrary powers of imprisonment given to immigration officers and detention centre officials under MSI-244;
- (4) notes that MSI-244 itself states that “there is no clear statutory basis for the selective transfer of detainees” to a State prison, and that this specific provision has never been approved by Parliament; and
- (5) calls upon the Minister for Immigration and Multicultural Affairs to immediately withdraw MSI-244 and draft a new MSI, that only allows transfers of refugees claimants to State prison in circumstances when they are being charged with an offence under a State or Commonwealth law, other than breach of migration visa laws). (*Notice given 1 September 1999. Notice will be removed from the Notice Paper unless called on on any of the next 3 sitting Mondays after 6 December 1999.*)

 - (2) notes that the Committee believes “that the higher refusal rates in some countries, and the difference between the ETA and non-ETA countries could produce embarrassing publicity detrimental to Australia’s international image”;
 - (3) notes that the representatives of the tourism industry and other witnesses believe that the system is highly intrusive for those applying from non-ETA countries, in so far as applicants are required to give many assurances and much information—far in excess of what is necessary for a tourist visa;
 - (4) notes that the Report confirms that those applying under the non-ETA (a system mostly from third world countries) system was subject to a much

higher rejection rate for visitor visas and that the system is widely perceived as highly discriminatory—these aspects of the system have been admitted by the Minister and his Department;

- (5) notes that the Committee further recommended “That an independent review analyses the effect of the visa application fee on applications and the effect on Australia’s image as a potential tourist destination”; and
 - (6) calls upon the Minister for Immigration and Multicultural Affairs and the Government to totally overhaul the current discredited visitor visa process and to develop as a matter of urgency in the lead up to the Olympic Games, a fairer non-discriminatory system. - 19 **MR DANBY:** To move—That this House notes the failure of the Minister for Employment, Workplace Relations and Small Business to ensure the passing on of the benefits of increased waterfront productivity to Australian importers, exporters and consumers despite a \$250m taxpayer subsidy which appears to have merely provided increased profits to Lang Corporation and Patricks with a

subsequent increase in their share prices. (*Notice given 18 October 1999. Notice will be removed from the Notice Paper unless called on on any of the next 7 sitting Mondays after 6 December 1999.*)

- (3) further notes the serious economic and social problems being faced by sheep and wool producers because of a growing concern that employment of veterinarians is a greater factor in the current enthusiasm for control than concerns for the disease free status of the industry; and
- (4) calls on the Federal Government to freeze all funding under the National Ovine Johne's Disease program until such time as an investigation is undertaken into NSW Department of Agriculture procedures to ensure its actions are based on sound scientific and socio-economic grounds. (*Notice given 18 October 1999. Notice will be removed from the Notice Paper unless called on on any of the next 7 sitting Mondays after 6 December 1999.*)

- (1) notes that families are the smallest social group and are often underrated;
- (2) believes the productive work of households has been totally overlooked;
- (3) acknowledges that surveys have made visible the unpaid work of households and have found it comprises more than half of all valuable economic activity;
- (4) expresses concern that the tax system does not adequately protect the income of families rearing children and the economic system appears to have forgotten the value of the work of parents rearing children and the whole area of productive work in the household;
- (5) supports the view that most parents, regardless of social status, educational level or cultural background, are eager to receive and can benefit from information and support in their role as their children's first and most important teachers;
- (6) draws to the attention of all Members that many studies have shown that families not only make a powerful impact on the way children learn in school but that the influence of family actually outweighs that of the school; and
- (7) recognises that family-related variables have been overlooked in health promotion and health strategy literature and that if recognised and addressed, these family-related variables offer a new area for health promotion with strong possibilities for further success in reducing the burden of ill-health in the community. - (a) the adequacy of the tax system and related policy to address the retirement income and health care needs of Australians into the new millennium;

 - (3) condemns the Howard Government for its massive attacks on child care and expresses its concern that these cuts have resulted in fee rises, the closure of childcare centres and women being forced out of the paid workforce, instead of providing families with a choice about how they care for their children; and
 - (4) calls for a study to assess the feasibility of establishing workplace child care facilities for Members, Senators and staff working at Parliament House. (*Notice given 24 November 1999. Notice will be removed from the Notice Paper unless called on on any of the next 8 sitting Mondays after 6 December 1999*)
