HOUSE OF REPRESENTATIVES

No. 99

BUSINESS ACCORDED PRIORITY FOR THIS SITTING

COMMITTEE AND DELEGATION REPORTS

- 1 **TREATIES—JOINT STANDING COMMITTEE:** Report 30—Treaties tabled on 8 and 9 December 1999 and 15 February 2000. (*Total time for statements—20 minutes.*)

PRIVATE MEMBERS' BUSINESS

Notices

- †1 **MR SAWFORD:** To move—That this House acknowledges the historic links between public education and the development of democracy in Australia. (*Notice given 6 March 2000. Time allotted for debate—20 minutes.*)
- †2 **MR GEORGIU:** To move—That this House recognises that:
- (1) the Parthenon marbles are part of a unique cultural treasure that is an intrinsic feature of the Parthenon in Greece;
 - (2) the architectural and cultural integrity of the Parthenon continues to be compromised by the fact that the marbles cannot be viewed in close proximity to the Parthenon;
 - (3) the Government of Greece has guaranteed the safe preservation of the Parthenon marbles should they be returned to Athens; and
 - (4) every effort should be made by the United Kingdom to facilitate the return of these items of immense cultural value to the people of Greece. (*Notice given 6 March 2000. Time allowed—remaining private Members' business time prior to 1.45 p.m.*)

* *Notifications to which an asterisk (*) is prefixed appear for the first time*

† *Debate to be adjourned to a future day at the conclusion of the time allotted.*

- †3 **MRS IRWIN:** To move—That this House:
- (1) notes the increase in deaths caused by heroin and the increase in the number of first-time users under 25;
 - (2) notes the positive results in the use of Naltrexone in the treatment of heroin dependence for some addicts; and
 - (3) regrets the recent decision by the Pharmaceutical Benefits Advisory Committee to exclude Naltrexone from the Pharmaceutical Benefits Scheme other than for the treatment of alcohol dependence. (*Notice given 15 February 2000. Time allotted for debate—30 minutes.*)
- †4 **MR CAMERON:** To move—That the House:
- (1) recognises the debt we owe to those entrepreneurial publishers who have built Australia's thriving, free and independent press which is the envy of the world;
 - (2) upholds, to the greatest extent consistent with the laws of decency and libel, the unfettered right to freedom of speech and freedom of opinion upon which our vigorous democracy is built;
 - (3) recognises, nonetheless, that the high concentration of media ownership, and the diversity of commercial interests among the few media players, creates potential for conflicts of interest in reporting of news, opinion and current affairs;
 - (4) notes, in the interests of transparency, the decision of the Australian Broadcasting Authority to require current affairs radio programs to disclose the previously unnamed commercial sponsors of the broadcaster; and
 - (5) resolves to find simple, enforceable means by which print journalists, radio broadcasters and television news and current affairs reporters, can declare their personal financial interests, and those of their employers, in the issues about which they provide media comment. (*Notice given 9 March 2000. Time allowed—remaining private Members' business time.*)

- 2 **DR THEOPHANOUS:** To move—That this House:
- (1) expresses its concern regarding the aims and content of Migration Series Instruments (MSI) 244, which permits the transfer of asylum seekers from Migration Detention Centres to State prisons, where they are then held without charges or court proceedings;
 - (2) recognises that the actions permitted under MSI-244 constitute an arbitrary executive imprisonment of people, of the kind which Australia has condemned when it occurs in other countries;
 - (3) recognises the concerns expressed by the Commonwealth Ombudsman, Amnesty International, the Refugee Council of Australia, the Human Rights Commissioner and others, concerning the arbitrary powers of imprisonment given to immigration officers and detention centre officials under MSI-244;

- (4) notes that MSI-244 itself states that “there is no clear statutory basis for the selective transfer of detainees” to a State prison, and that this specific provision has never been approved by Parliament; and
 - (5) calls upon the Minister for Immigration and Multicultural Affairs to immediately withdraw MSI-244 and draft a new MSI, that only allows transfers of refugees claimants to State prison in circumstances when they are being charged with an offence under a State or Commonwealth law, other than breach of migration visa laws). (*Notice given 1 September 1999. Notice will be removed from the Notice Paper unless called on on 3 April 2000.*)

- (1) notes that the report “Going for Gold Immigration Entry Arrangements for the Olympic and Paralympic Games” by the Joint Standing Committee on Migration, has made significant criticism of the visitor visa system and has

warned of the potential embarrassment that this will create during the Sydney Olympic Games;

- (2) notes that the Committee believes “that the higher refusal rates in some countries, and the difference between the ETA and non-ETA countries could produce embarrassing publicity detrimental to Australia’s international image”;
 - (3) notes that the representatives of the tourism industry and other witnesses believe that the system is highly intrusive for those applying from non-ETA countries, in so far as applicants are required to give many assurances and much information—far in excess of what is necessary for a tourist visa;
 - (4) notes that the Report confirms that those applying under the non-ETA (a system mostly from third world countries) system was subject to a much higher rejection rate for visitor visas and that the system is widely perceived as highly discriminatory—these aspects of the system have been admitted by the Minister and his Department;
 - (5) notes that the Committee further recommended “That an independent review analyses the effect of the visa application fee on applications and the effect on Australia’s image as a potential tourist destination”; and
 - (6) calls upon the Minister for Immigration and Multicultural Affairs and the Government to totally overhaul the current discredited visitor visa process and to develop as a matter of urgency in the lead up to the Olympic Games, a fairer non-discriminatory system. - 9 **MR DANBY:** To move—That this House notes the failure of the Minister for Employment, Workplace Relations and Small Business to ensure the passing on of the benefits of increased waterfront productivity to Australian importers,

exporters and consumers despite a \$250m taxpayer subsidy which appears to have merely provided increased profits to Lang Corporation and Patricks with a subsequent increase in their share prices. (*Notice given 18 October 1999. Notice will be removed from the Notice Paper unless called on on any of the next 4 sitting Mondays after 3 April 2000.*)

- (3) acknowledges that surveys have made visible the unpaid work of households and have found it comprises more than half of all valuable economic activity;
- (4) expresses concern that the tax system does not adequately protect the income of families rearing children and the economic system appears to have forgotten the value of the work of parents rearing children and the whole area of productive work in the household;
- (5) supports the view that most parents, regardless of social status, educational level or cultural background, are eager to receive and can benefit from information and support in their role as their children's first and most important teachers;

- (6) draws to the attention of all Members that many studies have shown that families not only make a powerful impact on the way children learn in school but that the influence of family actually outweighs that of the school; and
 - (7) recognises that family-related variables have been overlooked in health promotion and health strategy literature and that if recognised and addressed, these family-related variables offer a new area for health promotion with strong possibilities for further success in reducing the burden of ill-health in the community. 16 **MR ALBANESE:** To move—That this House:

- (1) recognises the importance of affordable, quality child care for Australian parents;
- (2) deplores the lack of childcare facilities available to Members, Senators and staff working at Parliament House, noting that this lack of workplace child care has led to increased difficulties for parents working at Parliament House following the Coalition's attacks on child care over the past 3 years;
- (3) condemns the Howard Government for its massive attacks on child care and expresses its concern that these cuts have resulted in fee rises, the closure of childcare centres and women being forced out of the paid workforce, instead of providing families with a choice about how they care for their children; and
- (4) calls for a study to assess the feasibility of establishing workplace child care facilities for Members, Senators and staff working at Parliament House. *(Notice given 24 November 1999. Notice will be removed from the Notice Paper unless called on on any of the next 5 sitting Mondays after 3 April 2000)*
