- (1) notes that the report “Going for Gold Immigration Entry Arrangements for the Olympic and Paralympic Games” by the Joint Standing Committee on Migration, has made significant criticism of the visitor visa system and has warned of the potential embarrassment that this will create during the Sydney Olympic Games;
- (2) notes that the Committee believes “that the higher refusal rates in some countries, and the difference between the ETA and non-ETA countries could produce embarrassing publicity detrimental to Australia's international image”;
- (3) notes that the representatives of the tourism industry and other witnesses believe that the system is highly intrusive for those applying from non-ETA countries, in so far as applicants are required to give many assurances and much information—far in excess of what is necessary for a tourist visa;

- (4) notes that the Report confirms that those applying under the non-ETA (a system mostly from third world countries) system was subject to a much higher rejection rate for visitor visas and that the system is widely perceived as highly discriminatory—these aspects of the system have been admitted by the Minister and his Department;
 - (5) notes that the Committee further recommended “That an independent review analyses the effect of the visa application fee on applications and the effect on Australia’s image as a potential tourist destination”; and

- 5 **MR DANBY:** To move—That this House notes the failure of the Minister for Employment, Workplace Relations and Small Business to ensure the passing on of the benefits of increased waterfront productivity to Australian importers, exporters and consumers despite a \$250m taxpayer subsidy which appears to have merely provided increased profits to Lang Corporation and Patricks with a subsequent increase in their share prices. (*Notice given 18 October 1999. Notice will be removed from the Notice Paper unless called on on any of the next 2 sitting Mondays after 29 May 2000.*)
