PRIVATE MEMBERS' BUSINESS—continued

Notices—continued

- 1 **MR DANBY:** To move—That this House notes the failure of the Minister for Employment, Workplace Relations and Small Business to ensure the passing on of the benefits of increased waterfront productivity to Australian importers, exporters and consumers despite a \$250m taxpayer subsidy which appears to have merely provided increased profits to Lang Corporation and Patricks with a subsequent increase in their share prices. *(Notice given 18 October 1999. Notice will be removed from the Notice Paper unless called on on 19 June 2000.)*

- 3 **MR MOSSFIELD:** To move—That this House:
- (1) notes that families are the smallest social group and are often underrated;
 - (2) believes the productive work of households has been totally overlooked;
 - (3) acknowledges that surveys have made visible the unpaid work of households and have found it comprises more than half of all valuable economic activity;

- (4) expresses concern that the tax system does not adequately protect the income of families rearing children and the economic system appears to have forgotten the value of the work of parents rearing children and the whole area of productive work in the household;
- (5) supports the view that most parents, regardless of social status, educational level or cultural background, are eager to receive and can benefit from information and support in their role as their children's first and most important teachers;
- (6) draws to the attention of all Members that many studies have shown that families not only make a powerful impact on the way children learn in school but that the influence of family actually outweighs that of the school; and
- (7) recognises that family-related variables have been overlooked in health promotion and health strategy literature and that if recognised and addressed, these family-related variables offer a new area for health promotion with strong possibilities for further success in reducing the burden of ill-health in the community. - (4) calls for a study to assess the feasibility of establishing workplace child care facilities for Members, Senators and staff working at Parliament House. (*Notice given 24 November 1999.
