Notices—continued

- (1) recognises that the Howard Government's GST is a harsh and regressive tax, which imposes an unfair burden on low and middle income Australians and their families, and punitive compliance costs and competitive disadvantage on small business;
- (2) notes that the GST's pending introduction is already feeding through into higher prices and higher interest rates, eroding or eliminating the value of any associated income tax cuts before they even arrive;
- recognises how few parliamentary opportunities remain before the GST's introduction; and
- (4) calls on the Howard Government to introduce a Bill to repeal the GST before it commences on 1 July 2000. (*Notice given 15 March 2000. Notice will be removed from the Notice Paper unless called on on 4 September 2000.*)

- (3) confirms that easing restrictions on parallel importing improves product innovation and development. (*Notice given 10 April 2000. Notice will be removed from the Notice Paper unless called on on any of the next 2 sitting Mondays after 4 September 2000.*)

- (2) recognises that the policy has been condemned by Amnesty International, the Refugee Council of Australia, the International Commission of Jurists and other organisations for the suffering it creates; and furthermore recognises that Australia is the only developed country to have such a policy;
- (3) recognises that Amnesty International has described this policy as "not permitted under international human rights commitments" and that it "denies human rights to asylum seekers rights that are guaranteed for all Australians, even convicted criminals"; and
- (4) calls upon the Government to abolish this policy and replace it with an alternative which allows for the consideration of the individual circumstances of refugees before any decisions about detention is made and in seeking to establish such an alternative the Government should consider the submission of the Refugee Council of Australia entitled "an alternative detention model". (Notice given 11 April 2000. Notice will be removed from the Notice Paper unless called on on any of the next 2 sitting Mondays after 4 September 2000.)

5 **DR THEOPHANOUS:** To move—That this House:

- expresses its concern at the hardship created by the implementation of the Government policy of granting three year temporary visas to refugees arriving without papers, even after they have been accepted as genuine under Australia's refugee determination processes;
- (2) recognises that the provision in the three year visa which prevents the unification of those persons granted refugee status under the new policy with their spouse and dependent children, is inhumane and unacceptable under international human rights provisions, and is likely to prevent these refugees from seeing their spouses and children for more than the three year period; and
- (3) calls upon the Government to abolish this excessively punitive provision for those persons granted refugee status and to allow them to sponsor their spouses and dependent children to be with them for as long as they are given protection under Australia's international obligations. (*Notice given 12 April 2000. Notice will be removed from the Notice Paper unless called on on any of the next 2 sitting Mondays after 4 September 2000.*)

(Notice given 29 May 2000. Notice will be removed from the Notice Paper unless called on on any of the next 3 sitting Mondays after 4 September 2000.)

9 MR BEAZLEY: To move—That this House, on behalf of all Australians:

12 MR ALBANESE: To move—That this House:

- (1) declares that it is crucial for our democratic system of Government that measures be pursued and implemented to improve the standing and integrity of politicians with the community;
- (2) notes the comments of the Member for Cowper referring to the application of the GST to permanent residents of mobile and manufactured home parks who said "what affects me personally is that my integrity and honour is impugned, as is John Anderson and Larry's and Mark Vaile and the rest of us. Everybody. Because we went to the people of Australia at the last election and we said there'd be no GST on rents. It has an impact on John Howard's integrity and honour, and that of the Liberal Party as well";
- (3) notes that permanent residents of caravan parks and boarding houses were identified as being at high risk of homelessness in the Government's National Homelessness Strategy; and
- (4) calls upon the Government to remove the discriminatory application of the GST against these Australians. (Notice given 19 June 2000. Notice will be removed from the Notice Paper unless called on on any of the next 5 sitting Mondays after 4 September 2000.)

13 MR K. J. THOMSON: To move—That this House:

(1) condemns the Australian Democrat, Liberal and National Senators for not proceeding with or supporting the following terms of reference for the Senate Select Committee on Superannuation and Financial Services proposed by Democrat Senator Lyn Allison on 9 March 1999: That the Committee inquire into and report on:

- (a) the adequacy of the tax system and related policy to address the retirement income and health care needs of Australians into the new millennium;
- (b) strategies for building more effective national retirement income and long-term saving outcomes;
- (c) reforms that could be implemented following completion of the Superannuation Guarantee Charge phase-in to 9 per cent; and
- (d) the taxation of superannuation, particularly the Superannuation High Income Earners Tax Surcharge legislation and alternative payment mechanism; and
- (2) believes these to be important areas of inquiry for the Senate Select Committee on Superannuation and Financial Services. (*Notice given 19 June 2000. Notice will be removed from the Notice Paper unless called on on any of the next 5 sitting Mondays after 4 September 2000.*)
- 14 **MR CHARLES:** To move—That this House encourages the Australian research and development community, both public and private, and the motor vehicle manufacturing industry to move as rapidly as possible to embrace the emerging hydrogen economy and to place Australia at the forefront of the development of hydrogen as an energy carrier to replace carbon and commends General Motors for its "HydroGen 1" hydrogen fuel electric car. (*Notice given 22 June 2000. Notice will be removed from the Notice Paper unless called on on any of the next 6 sitting Mondays after 4 September 2000.*)
- 15 **MR PRICE:** To move—That this House:
 - (1) notes the Report by the Committee of Sydney Inc "Sydney's Gateways In The 21st Century Part 1: The Airports", prepared by Access Economics and Maunsell McIntyre Maunsell, dated June 2000 which states amongst other things:
 - (a) on a neutral set of assumptions, operations could commence at Badgerys Creek Airport (BCA) in 2020. To achieve this relies on a subsidy in the first two years and no interim measures to prolong Kingsford-Smith Airport (KSA) and, in the absence of other interim measures to prolong KSA (like Bankstown or speed rail), 2020 is the optimal start date for BCA;
 - (b) the earlier BCA commences the greater the economic negatives. If a private owner of Sydney airports is required to commence operations at BCA before it is economically viable, potential bidders will deduct an amount reflecting the cost of the subsidy from their bid price. For example, to commence BCA in 2015, the operational subsidy costs \$160m in the first year, gradually reducing to zero as BCA becomes viable in its own right. The total subsidy outlay from 2015 to 2019 is \$570m. To commence in 2010 the cost rapidly escalates to \$270m in the first year and \$1,700m in total from 2010 to 2019 (in 1997 dollars); and
 - (c) a \$1,700m subsidy to commence operations at BCA in 2010 will cause little reduction in KSA noise while accelerating the introduction of

- noise over Western Sydney. Reducing noise over inner Sydney would require an even larger subsidy; and
- (2) urges the Minister for Transport and Regional Services to have an Independent Commission of Inquiry into Sydney's Transport Needs and examine all options including Speed Rail, Interim measures to extend KSA, BCA and other alternative sights for Sydney's Second Airport. (*Notice given 27 June 2000. Notice will be removed from the Notice Paper unless called on on any of the next 6 sitting Mondays after 4 September 2000.*)

16 MR MOSSFIELD: To move—That this House:

- (1) acknowledges the importance of the construction of the Western Sydney Orbital Road System to the economic and social development of Western Sydney;
- (2) acknowledges the importance of road transport access that diminishes interference with road users in local communities;
- (3) recognises that in heavily developed regions such as Western Sydney, the speedy access by road transport to local business developments is vital in assisting productivity and business growth;
- (4) notes the policy commitment of successive governments to build the Western Sydney Orbital Road System;
- (5) acknowledges that only minimum funding has ever been set aside for the building of the Western Sydney Orbital Road System and that conditions of construction have included the building of a second airport at Badgerys Creek; and
- (6) calls on the Federal Government to listen to and act upon the many calls from affected residents, business groups, business development committees, local government spokespersons and other interested parties in Western Sydney and urgently provide sufficient funding to enable the NSW Government to combine in partnership with the Commonwealth to commence immediate construction of the whole Western Sydney Orbital Road System. (Notice given 14 August 2000. Notice will be removed from the Notice Paper unless called on on any of the next 7 sitting Mondays after 4 September 2000.)

17 **MR WILKIE:** To move—That this House:

- (1) congratulates Iran regarding the completion of acknowledged democratic elections and the work of the new Majlis;
- (2) nevertheless regrets that Iran's reputation continues to be marred by questions of human rights and denial of religious freedom, most particularly the persecution of Baha'is and the renewal of the death sentences of Mr Hedayat Kashefi Najafabadi and Mr Sirus Zabihi-Moghaddam, and the inception of another against Mr Manuchehr Khulusi;
- (3) furthermore notes the persistent gaoling of numerous Baha'is for their religious beliefs and widespread discrimination in property, education, employment, civil and political rights;
- (4) acknowledges grave concern for the fate of 13 members of the Jewish community presently in custody in Iranian prisons and facing charges of espionage; and

(5) urges Australia's continued vigilance and activity regarding human rights issues in Iran. (*Notice given 28 August 2000. Notice will be removed from the Notice Paper unless called on on any of the next 8 sitting Mondays after 4 September 2000.*)

18 MS O'BYRNE: To move—That this House:

- (1) recognises the valuable role played by the Australian civilian ships in supporting the Interfet Force deployment in East Timor without which, as Commander Peter Cosgrove stated in his letter to the Maritime Union of Australia of 15 October 1999, the deployed Forces' logistics build up would have been severely hampered;
- (2) recognises that the role played by Australian civilian ships in East Timor continues the enormous role the Australian Merchant Navy has played historically in our ever expanding peacetime carriage of trade both domestically and internationally and through its service in two World Wars at cruel cost, with one seafarer in every eight dying and many more disappearing unrecorded in the ships of many nations;
- (3) supports the International Maritime Organisation's recognition of maritime workers and the importance of merchant shipping, including Australian coastal shipping through the celebrations of Maritime Day on September 24; and
- (4) believes that World Maritime Day should be regarded as a day of maritime pride and history and that the Australian Government should promote the flying of the Australian Flag rather than Flags of Convenience. (*Notice given 28 August 2000. Notice will be removed from the Notice Paper unless called on on any of the next 8 sitting Mondays after 4 September 2000.*)

- 5 **CEMENT INDUSTRY:** Resumption of debate (*from 13 March 2000*) on the motion of Mr Adams—That this House:
 - (1) notes that dumping of cement from Indonesia, China, Malaysia and Thailand is significantly undercutting Australian cement prices;

- (2) notes substantial industry investment and cost cutting has made the Australian cement industry cost competitive, but the companies cannot compete against imports being sold below their cost of manufacture;
- (3) notes dumping is threatening the viability of Australia's cement industry operations, with a real threat of plant closures unless urgent action is taken; and
- (4) calls on the Government to:
 - (a) recognise the threats to the cement industry by dumping;
 - (b) recognise the efforts of the Australian industry to comply with environmental safeguards that the dumping countries are not being made to follow;
 - (c) ensure that immediate action is taken under our current anti-dumping legislation to protect the Australian industry; and
 - (d) take steps to protect all industries that are susceptible to dumping. (Order of the day will be removed from the Notice Paper unless reaccorded priority on 4 September 2000.)

 - (3) the Government of Greece has guaranteed the safe preservation of the Parthenon marbles should they be returned to Athens; and
 - (4) every effort should be made by the United Kingdom to facilitate the return of these items of immense cultural value to the people of Greece. (*Order of the day will be removed from the Notice Paper unless re-accorded priority on the next sitting Monday after 4 September* 2000.)
- 8 **NALTREXONE:** Resumption of debate (*from 3 April 2000*) on the motion of Mrs Irwin—That this House:
 - (1) notes the increase in deaths caused by heroin and the increase in the number of first-time users under 25;
 - (2) notes the positive results in the use of Naltrexone in the treatment of heroin dependence for some addicts; and
 - (3) regrets the recent decision by the Pharmaceutical Benefits Advisory Committee to exclude Naltrexone from the Pharmaceutical Benefits Scheme other than for the treatment of alcohol dependence. (*Order of the day will be removed from the Notice Paper unless re-accorded priority on the next sitting Monday after 4 September 2000.*)

- 9 **MEDIA:** Resumption of debate (*from 3 April 2000*) on the motion of Mr Cameron—That the House:
 - (1) recognises the debt we owe to those entrepreneurial publishers who have built Australia's thriving, free and independent press which is the envy of the world:
 - (2) upholds, to the greatest extent consistent with the laws of decency and libel, the unfettered right to freedom of speech and freedom of opinion upon which our vigorous democracy is built;
 - (3) recognises, nonetheless, that the high concentration of media ownership, and the diversity of commercial interests among the few media players, creates potential for conflicts of interest in reporting of news, opinion and current affairs:
 - (4) notes, in the interests of transparency, the decision of the Australian Broadcasting Authority to require current affairs radio programs to disclose the previously unnamed commercial sponsors of the broadcaster; and
 - (5) resolves to find simple, enforceable means by which print journalists, radio broadcasters and television news and current affairs reporters, can declare their personal financial interests, and those of their employers, in the issues about which they provide media comment. (*Order of the day will be removed from the Notice Paper unless re-accorded priority on the next sitting Monday after 4 September 2000.*)
