    - (a) A witness shall be invited to attend a committee meeting to give evidence. Whether or not a witness was previously invited to appear, a witness shall be summoned to appear only when the committee has made a decision that the circumstances warrant the issue of a summons.
    - (b) When a committee desires that a witness produce documents or records relevant to the committee's inquiry, the witness shall be invited to do so. Whether or not an invitation to produce documents or records has previously been made, an order that documents or records be produced shall be made only when the committee has made a decision that the circumstances warrant such an order.
    - (c) A witness shall be given notice of a meeting at which he or she is to appear, and shall be supplied with a copy of the committee's terms of reference, an indication of the matters expected to be dealt with during the appearance and a copy of this resolution or a summary of its provisions. Where appropriate, a witness may be supplied with a transcript of relevant evidence already taken in public.
    - (d) A witness may be given the opportunity to make a submission in writing before appearing to give oral evidence.
    - (e) A witness shall be given reasonable access to any documents or records that the witness has provided to a committee.

- (g) Before giving any evidence *in camera* a witness shall be informed that it is within the power of the committee to publish or present to the House all or part of that evidence, and that the House has the authority to order the production and publication of undisclosed evidence. Should the committee decide to publish or present to the House all or part of the evidence taken *in camera*, the witness shall be advised in advance of the publication. - (k) When a witness gives evidence which reflects upon a person, the committee may provide a reasonable opportunity for the person reflected upon to have access to that evidence and to respond to that evidence by written submission or appearance before the committee.
- A witness may make application to be accompanied by counsel or an adviser or advisers and to consult counsel or the adviser(s) in the course of the meeting at which he or she appears. - (n) Witnesses shall be treated with respect and dignity at all times.
- (o) Reasonable opportunity shall be afforded to witnesses to request corrections in the transcript of their evidence and to put before a committee additional written material supplementary to their evidence. Witnesses may also request the opportunity to give further oral evidence.
- (p) Where a committee has any reason to believe that any person has been improperly influenced in respect of evidence which has been or may be given before the committee, or has been subjected to or threatened with any penalty or injury in respect of any evidence given or in respect of prospective evidence, the committee shall take all reasonable steps to ascertain the facts of the matter. Where the committee considers that the facts disclose that a person may have been improperly influenced or subjected to or threatened with penalty or injury in respect of evidence which may be or has been given before the committee, the committee shall report the facts and its conclusions to the House.

  - (1) What sum was spent on retraining those workers who lost their jobs when National Textiles closed in January 2000.
  - (2) How many people completed a retraining program.
  - (3) How many people obtained employment after completing a retraining program.
- 2493 MR MURPHY: To ask the Minister for Transport and Regional Services—
  - (1) Will he table in the House of Representatives a copy of the Full Trade Sale and privatisation strategy for Sydney. Bankstown, Hoxton Park and Camden Airports.
  - (2) Will the new owner of Sydney Airport hold first rights to build a second major airport within a 100km radius of the Sydney Central Business District.

  - (5) Will the new owner of Sydney Airport have first right of refusal on building and operating a second airport.
  - (6) Will the Bankstown, Hoxton Park and Camden Airports be sold separately from Sydney Airport.
  - (7) Can he define what 'trade-sale' means.
  - (8) Is he able to say whether the trade-sale option to sell Sydney Airport amounts to a lessee interest that has power of veto over the timing and construction of Sydney West Airport.

- (9) What briefing has he given to Sydney Airport management in this sale, in respect to environmental impacts, including aircraft noise and air movement safety.
- (10) What options has he incorporated into the proposed trade-sale of Sydney Airport that guarantees, in the proposed lease that (a) the Long Term Operating Plan's integrity is preserved, (b) noise respite periods are distributed in an equitable manner and (c) the Sydney West Airport is built within a prescribed period determinable by the Government.
- (11) Is it a fact that the sole criteria for the construction of Sydney West Airport is the foreshadowed capacity peak for Sydney Airport being the Year 2010.

- (13) Is it a fact that the 1996 EIS for the Second Sydney Airport Proposal by PPK Environment and Infrastructure notes at paragraph 1.2 titled 'Need for a New Airport' that (a) the Commonwealth Government proposed the development of a second major airport for Sydney capable of handling up to 30 million domestic and international passengers a year, (b) Sydney Airport was expected to handle about 20 million passengers in 1997 and (c) the Second Sydney Airport Site Selection Program Draft Environmental Impact Statement anticipated the new airport would accommodate about 13 million passengers each year (Kinhill Stearn, 1985).
- (14) If so, (a) what is the current estimated passenger and aircraft capacity of Sydney Airport by the year 2010 and (b) is it a fact that the PPK Environment and Infrastructure 1996 EIS for the Second Sydney Airport Proposal states at paragraph 1.3 that the policy of the Coalition of Liberal and National Parties indicated an intention that Sydney's second airport would be more than just an overflow airport and would, in time, play a major role in serving Sydney's air transport needs.
- (15) Does the Government expect that Bankstown Airport, acting as an overflow airport for Sydney Airport, will cope with handling up to 30 million passenger movements per year.
- (16) Has Sydney Airport reached the figure of 20 million passenger movements per year; if so, (a) when was this number of movements reached and (b) does this mean that, according to the Coalitions' 1996 statement, Sydney Airport has already reached its optimum passenger movements.

  - (1) Has the Minister's Department lodged an appeal in the Administrative Appeals Tribunal against the decision of the Social Security Appeals Tribunal (SSAT) to uphold the appeal of Helen Maddison to receive equal treatment to her husband in applying for an Aged Persons Savings Bonus and that her deemed income should include deemed income from one half of the funds held by Mr Maddison in his superannuation roll over fund.
  - (2) Is the Government opposed to a couple being treated equally in the granting of the Aged Persons Savings Bonus.
  - (3) Has all policy development over recent years treated superannuation as a joint asset of marriage.
  - (4) Is the Government's decision to appeal based on the interpretation that the superannuation rollover belongs solely to Mr Maddison and is only applicable to him; if so, is this (a) a complete reversal of all recent policy developments in superannuation and (b) at total variance with the treatment of household income and assets by the Minister's Department when determining eligibility for any pension or pension related entitlements.

  - (7) If Mrs Madison's appeal was successful would other applications have to be reviewed and varied; if so, (a) how many and (b) what would be the estimated cost.
  - (8) Is this a case of the Government, having lost the case at SSAT, now seeking to deny the bonus to Mrs Maddison, who has sought only to keep the Government to the principle of this bonus, on technical legal grounds.
- \*2520 MR MURPHY: To ask the Prime Minister—
  - (1) Has his attention been drawn to an article titled "Airport still counts cost of Olympics" by Ms Laura Tingle published in *The Sydney Morning Herald* on 4 April 2001.

- (4) What environmental responsibilities will apply to a private company making a land use on Commonwealth land, in particular a private company operating on Sydney Airport.
- (5) What public interest participation rights are provisioned in the proposed lease of Sydney Airport.
- \*2522 MR MURPHY: To ask the Minister for Transport and Regional Services—
  - (1) Will he provide the Parliament with an analysis of the fuel consumption of the current Australian passenger and light vehicle fleet.
  - (2) Is it the case that the fuel consumption of Australia's passenger and light vehicle fleet is among the worst, if not the worst, in the OECD.
  - (3) Have these vehicles an overall energy efficiency of no more than 15 to 20%.
  - (4) Are the high prices that motorists pay for petrol compounded by the fact that their vehicles waste 80% or more of the energy contained in the fuel.
  - (5) Do these low efficiency vehicles produce significant volumes of carbon dioxide and other air pollutants because they burn such large quantities of fuel for such little mechanical output.
  - (6) What measures have the Government introduced to ensure that manufacturers significantly improve the energy efficiency of their vehicles.
  - (7) Is the current energy labelling program used on refrigerators and clothes dryers which the Government has decided to introduce for new cars, likely to see a significant improvement in the average energy efficiency of Australian made vehicles; if so, what is the Government's estimate of the likely improvement in vehicle fuel consumption and energy efficiency; if not, why not.
  - (8) As a result of the current requirement for the motor vehicle industry to improve fuel economy by 15% over "business as usual" improvements, what is the Government's estimate of energy efficiency improvement and reduction in carbon dioxide emissions.
  - (9) Will any reduction in emissions be swamped by the expected growth in the number of vehicles brought about by the Government's bias toward road transport over rail transport.
  - (10) Is the Minister aware of the Partnership for a New Generation of Vehicles that was set up by the Clinton administration with the goal of increasing the fuel efficiency of the US passenger vehicle fleet to 80 miles per gallon for a medium sized car; if so, what measures has this Government taken to implement such a scheme in Australia.
  - (11) Could this kind of scheme significantly reduce carbon dioxide emissions from the transport sector as well as provide fuel price relief Australian motorists.

- \*2523 MR MURPHY: To ask the Minister for Transport and Regional Services—
  - (1) Is he able to provide an analysis of the energy consumption and carbon dioxide levels of the transport sector.
  - (2) Has the transport sector had the highest rate of growth of carbon dioxide emissions in the Australian economy; if so, what is the cause of this rapid increase and what measures has the Government adopted to stem this growth.
  - (3) Has much of this increase has come from the growth in road transport, in particular, road freight, that has taken place at the expense of rail transport.
  - (4) Is diesel hauled rail transport at least four times as energy efficient as road transport and consequently emits one quarter as much carbon dioxide per tonne-kilometre, as reported by the Australian Railway Association.
  - (5) Is electric railway haulage 40% more efficient again than diesel-hauled rail transport and emits even less carbon dioxide per tonne kilometre, as reported by international railway operators.
  - (6) Has he stated in the past that his first priority is for road transport and rail comes a distant second.
  - (7) Is it is the policy of the Government to force down apparent transport costs by allowing the road freight industry to be carried by low paid owner drivers who can barely afford the cost of fuel let alone proper maintenance.
  - (8) Does the road transport industry receive subsidies in the form of free fuel, un-recovered road construction and repair costs and services that equals or exceeds 90% of their operating expenses, as reported by the Bureau of Transport Economics.
  - (9) If so, will the Government act to recover a higher proportion of these costs and so improve the competitiveness of the much more energy efficient railways.
  - (10) Is it a fact that (a) Federal funding has not been made available for the construction of new urban rail systems in NSW and (b) billions of dollars been made available or promised for the construction of new urban road works such as the Western Sydney Orbital.
  - (11) What is the estimate of the reductions in carbon dioxide emissions in kilograms per dollar invested resulting in improvements in travel efficiency for the Western Sydney Orbital compared with the proposed but un-funded Epping to Castle Hill Railway.
  - (12) Is he able to supply estimates for the quantity of carbon dioxide emitted for an equivalent distance travelled by a commuter using (a) a private car, (b) an electric train and (c) a bicycle.
- \*2524 **MR MURPHY:** To ask the Minister representing the Minister for the Environment and Heritage—
  - (1) Is the Minister aware of a report in *The Sydney Morning Herald* of 3 April 2001 that Cabinet is said to have decided to support the stand taken by the US against the Kyoto Protocol while the Minister is reported as saying that he is in favour of supporting the protocol; if so, will the Government support the Kyoto protocol; if not, why not.

- (2) In terms of the Kyoto protocol what is the estimated cost per kilogram of carbon dioxide reduction from the electric power industry when measures such as increased energy efficiency of domestic, commercial and industrial equipment are taken into consideration.
- (3) What effect would a program of supporting the installation of domestic solar hot water heaters nationwide have on carbon dioxide emissions if the level of use of such solar hot water heaters reached that (approximately 50%) found in the Northern Territory.
- (4) Considering that electricity generators are responsible for nearly 50% of Australia's carbon dioxide emissions, what measures does the Government have in place to reduce the consumption of electricity.
- (5) What measures does the Government have in place to increase the energy efficiency of Australia's coal fired power stations.
- (6) What area of solar photo-voltaic or solar thermal collectors would be required to replace all of Australia's existing fossil fuelled electric power stations.
- (7) What would be the cost of such a conversion.
- (8) Is the Minister able to provide a comprehensive list of economic sectors, ranging from agriculture, transport, energy supply, housing, food production, mining and all other sectors that each contribute more than five percent of Australia's carbon dioxide emissions together with a breakdown of the costs and potential savings that would result if measures were taken to reduce Australia's carbon dioxide emissions below the levels of 1990.
- (9) Have reputable economic analysts shown that significant savings are possible if measures to reduce carbon dioxide emissions are taken on a case by case basis rather than taking the worst case and claiming that case to represent the whole economy.
- \*2525 MR SCIACCA: To ask the Minister for Immigration and Multicultural Affairs—
  - (1) What communication facilities are made available to asylum seekers who have entered Australia without authorisation, while they are detained in immigration processing centres.

history as a taxpayer and level of knowledge and understanding of the tax laws.

- (2) What criteria does the ATO use to ensure that individual taxpayers are treated individually.
- (3) Does the ATO have an internal policy document or set of procedures that outlines how this statement in the charter is to be put into practice.

  - (3) What will be the process of evaluation of potential recipients of this option.
  - (4) What conditions will be offered to these recipients.
  - (5) If not all available places are filled, will he offer the available positions to other asylum seekers.
- DR THEOPHANOUS: To ask the Ministers listed below (questions Nos. \*2529 \*2530)—
  - (1) In light of the fact that Aboriginal and Torres Strait Islanders are four times more likely to develop meningococcal disease than other Australians, what steps are being taken to rectify this matter.
  - (2) What new policy developments are being implemented to ensure that Indigenous Australians receive the same level of medical care, and subsequently enjoy the same level of health conditions as other Australians.
  - (3) As meningococcal disease is closely linked with socio-economic conditions, is the Government implementing initiatives to ensure an increase in standards of the socio-economic conditions of Australia's Indigenous population.
  - (4) Does the Government have any active targets with regards to health standards amongst all of Australia's Indigenous communities; if so, to what degree is the Government succeeding in reaching these targets.
