THE PARLIAMENT OF THE COMMONWEALTH OF AUSTRALIA

## HOUSE OF REPRESENTATIVES

## NOTICE PAPER

No. 25

MONDAY, 17 JUNE 2002

*The House meets this day at 12.30 p.m.***BUSINESS ACCORDED PRIORITY FOR THIS SITTING**

## PRIVATE MEMBERS' BUSINESS

**Notices**†1 **MR LLOYD:** To move—That this House:

- (1) notes the passing of Australia's last Anzac Gallipoli veteran, Mr Alec Campbell, and records its sympathy to his family;
- (2) acknowledges the service and sacrifice of all Gallipoli veterans;
- (3) notes the increasing number of young Australians who attend Anzac Day dawn services both in Australia and overseas; and
- (4) encourages all Australians to ensure that the Anzac legend continues to be recognised and honoured. (*Notice given 3 June 2002. Time allowed—40 minutes.*)

†2 **MS ROXON:** To move—That this House:

- (1) notes that members of the Australian-Chilean community who were victims of suffering, torture, expulsion and exile at the hands of the Pinochet regime in Chile now receive a "pension of mercy" from the Chilean Government as a reparation for their suffering;
- (2) expresses concern that these members of the Australian-Chilean community have their entitlement to an Australian pension affected by the Chilean payments while other people receiving similar payments, such as victims of the Holocaust who receive compensation from Germany or Austria "as victims of National Socialist Persecution", have these payments exempt for the purposes of income testing;
- (3) recognises that these Australian-Chileans make a significant social and economic contribution to the Australian community and should be eligible for equal treatment and access to social security payments as other Australians; and
- (4) calls on the Government to give those members of the Australian-Chilean community fair treatment by introducing legislation to exempt the Chilean "pensions of mercy" from the income test for Australian pensions similar to the exemption for other compensation payments in paragraphs (n) and (p) of subsection 8(8) of the *Social Security Act 1991*. (*Notice given 27 May 2002. Time allowed—remaining private Members' business time prior to 1.45 p.m.*)

†3 **MR MOSSFIELD:** To move—That this House:

- (1) notes that:
  - (a) Western Sydney is one of the fastest growing regions in Australia with a high proportion of young people;
  - (b) currently there is a negative perception of young people in Western Sydney, which is a mistaken view since Western Sydney is no different to any other region with regard to youth problems and youth achievements;
  - (c) there needs to be public recognition of the achievements of young people which is linked to high self esteem and minimises anti-social behaviour;

\* *Notifications to which an asterisk (\*) is prefixed appear for the first time*† *Debate to be adjourned to a future day at the conclusion of the time allotted.*

- (d) lack of access to educational facilities, especially information technology, has resulted in an imbalance of academic achievements; and
  - (e) there is insufficient provision of community and recreational facilities for young people in Western Sydney;
  - (2) urges the Government to:
    - (a) research methods of providing adequate access to computer facilities to the disadvantaged in Western Sydney in order to close the digital divide; and
    - (b) provide urgently needed youth community facilities in the Western Sydney area to address the social needs of young people; and
  - (3) acknowledges the work of the Blacktown Youth Orientation in drafting this motion and bringing these issues to light. (*Notice given 18 February 2002. Time allowed—30 minutes.*)
- †4 **MS O'BYRNE:** To move—That this House:
- (1) condemns the Howard Government for its policies that have and continue to undermine the Australian shipping industry;
  - (2) recognises that this neglect puts at great risk our environment, our security and our ability to compete in the shipping industry and is therefore against Australia's national interest; and
  - (3) calls upon the Minister to support the Australian shipping industry before our coastline is ravaged and our industry and merchant employment opportunities destroyed. (*Notice given 20 February 2002. Time allowed—remaining private Members' business time.*)

*13 February 2002*

1 **MR MURPHY:** To ask the Prime Minister—

- (1) Did his present Principal Private Secretary authorise in February 1996 a Liberal Party brochure for distribution to the electors of Lowe entitled “No new areas in Lowe will be affected by aircraft noise”.
- (2) Did the brochure contain a quote from his press statement dated 8 February 1996 saying that (a) those who had not been affected by disruptive aircraft noise in the past in the seat of Lowe would not be affected in the future, (b) the Coalition’s policy would result in a dramatic reduction in flights over the electorate of Lowe and (c) Lowe would experience a very substantial reduction in aircraft noise.
- (3) Did the brochure also (a) say that Paul Zammit and the Liberals had the answer and would halve the number of planes over Lowe, (b) depict the Labor Party’s assessment of the flight paths over the electorate of Lowe which would come into operation under his Government after March 1996 and (c) contain the words (i) ‘This is not Liberal Policy’ superimposed on that part of the brochure depicting the foreshadowed flight paths which would come into operation in the electorate of Lowe from Drummoyne in the East to Homebush West if he was elected to Government in March 1996 and (ii) ‘You can’t trust Labor’ below the words ‘This is not Liberal Policy’.
- (4) Is it a fact that the Long Term Operating Plan for Sydney (Kingsford-Smith) Airport (KSA) forecasts 17% air traffic movements to and from the north.
- (5) Do the Sydney Air Traffic Services Sydney Airport Operational Statistics of August 2001 confirm that air traffic movements to and from the north of KSA amount to 22.8% of movements.
- (6) Will air traffic movements to and from the north of KSA be reduced to 17% of all movements before the next federal election.
- (7) When will the Sydney Airport Community Forum next meet.

2 **MR MURPHY:** To ask the Prime Minister—

- (1) What is the primary policy consideration in competition policy with respect to Sydney Airport.
- (2) Is Cabinet’s paramount policy consideration directing the sale of Sydney Airport (a) benefits from competition or (b) cost.
- (3) What are the foreseeable impacts on regional aircraft consumers from the recent proposed amendments to the Sydney Airport Demand Management Amendment Act.
- (4) What compensation to regional airline consumers and airline competitors has been appropriated for the anticipated sale of Sydney Airport.

4 **MR MURPHY:** To ask the Prime Minister—

- (1) Has he seen the Productivity Commission’s Draft Report on the sale of Sydney Airport titled “Prices Regulation of Airport Services”.
- (2) Do the terms of reference which gave rise to the report make no reference to the prospective purchasers of Sydney Airport being required to ensure that the Long Term Operating Plan (LTOP) for Sydney Airport is fully implemented.
- (3) Will he guarantee that the future purchaser of Sydney Airport will be required to fully implement the LTOP; if not, why not.

5 **MR MURPHY:** To ask the Prime Minister—

- (1) Has he seen an article in *The Bulletin* of 4 September 2001 claiming the Government will be making many promises to voters associated with the \$4 billion sale of Sydney Airport.
- (2) Will he promise to use the full proceeds of the sale of Sydney Airport to build a second airport for the people of Sydney; if not, why not.

6 **MR MURPHY:** To ask the Prime Minister—

- (1) Was Ansett Australia a major tenant of the Federal Airports Corporation at Sydney Airport and hence a major contributor to that airport's aeronautical and non-aeronautical cash flow.
- (2) What impact will the collapse of Ansett Australia have on the sale of Sydney Airport.
- (3) Will he postpone the sale of Sydney Airport until after the full impact of the collapse of Ansett Australia is assessed.
- (4) In light of the collapse of Ansett Australia, can he provide reasons for the commercial justification of the timing of the sale of Sydney Airport at this time.
- (5) What is the current status of the sale process for the sale of Sydney Airport and have the bids of prospective buyers of the airport lease for Sydney Airport accommodated the collapse of Ansett Australia; if so, what has been the impact on their price bids.

7 **MR MURPHY:** To ask the Prime Minister—

- (1) Further to the answer to question No. 2854 (*Hansard*, 19 September 2001, page 30975), what is the standard for fulfilment of the targets for the Long Term Operating Plan (LTOP).
- (2) Is the standard based on (a) the comparison between the number of landings over the north for more than a quarter of the days in the year 2000 compared to that prior to March 1996 or (b) aircraft movement percentages as prescribed in the LTOP.
- (3) Is the LTOP a Ministerial Direction issued by the Minister for Transport and Regional Services pursuant to section 16 of the Air Services Act.
- (4) Is the Ministerial Direction created by the Coalition Government acting under its own advice as to the prescribed targets now the administrative responsibility of Airservices Australia.
- (5) Are the prescribed aircraft movement targets stipulated in the LTOP the objective standard by which fulfilment of that Plan can be judged; if not, what other standard does he propose.
- (6) Does the LTOP specify a target of 17% of total aircraft movements to the north of Sydney Airport.
- (7) Is the March 1996 aircraft movements record irrelevant for the purposes of objective assessment as to whether the targets stipulated in the LTOP have been achieved or not.
- (8) Is it a fact that since the date the Minister made the Ministerial Direction for the implementation of the LTOP, on the basis of every monthly 'Sydney Air Traffic Services—Sydney Airport Operational Statistics' report by Airservices Australia, the LTOP target of 17% to the north has not once been reached; if so, can the LTOP be described as 'substantially implemented'.
- (9) Have Sydney Airport's aircraft noise problems been solved; if not, should Sydney Airport be sold before the noise problems are solved.
- (10) In light of Ansett Australia's demise, is the downward influence on the bid price a further incentive to postpone the sale of Sydney Airport until Australia's regional air flight needs are reassessed and Sydney Airport's aircraft noise problems are solved.

8 **MR MURPHY:** To ask the Prime Minister—Will he consider recommending a mandamus prerogative writ be issued on the Executive Director of Airservices Australia to compel completion of the Long Term Operating Plan before Sydney Airport is sold.

9 **MR MURPHY:** To ask the Prime Minister—

- (1) Has his attention been drawn to the editorial in the *Sydney Morning Herald* of 25 September 2001 dealing with the delay in the sale of Sydney Airport.
- (2) Does he accept the comment in the editorial that the Federal Government proceeded with the sale even though the noise problems remain far from beaten; if not, why not.
- (3) Will he give a guarantee to the people of Sydney before the date of the next federal election that he will draw up special legislation to ensure that the Long Term Operating Plan for Sydney Airport will be fully implemented before the sale of Sydney Airport is completed; if not, why not.

36 **MR MURPHY:** To ask the Treasurer—Will he obtain Income Tax Exemption Charity Status for non-profit child care centres that look after children, including children with a disability, children with special needs, Aboriginal children and children from disadvantaged families; if not, why not.

- (1) Is there a large number of anomalies associated with the current definition of a charity as a benevolent institution under the *Income Tax Assessment Act 1997* (ITA Act).

- (2) Will amendments to the ITA Act need to be made to reflect community needs to enable charitable entities to benefit from tax deductible donations to assist their work.
  - (3) In view of the need for some charitable entities like the Breast Cancer Action Group NSW to undertake advocacy on behalf of their clients, is he prepared to recommend to the Government that amendments to the ITA Act should be made to ensure that such advocacy activities should not be a disqualifying criterion for Deductible Gift Recipient Status; if not, why not.
  - (4) Does the St Vincent de Paul Society enjoy Deductible Gift Recipient Status; if so, is the Society precluded from engaging in any form of advocacy on behalf of the people it assists; if so, why; if not, why not.

- 40 **MR MURPHY:** To ask the Treasurer—
- (1) Has his attention been drawn to a report in *The Age* newspaper on 26 June 2001 titled “Tax experts declare: we are confused”.
  - (2) Has his attention been drawn to the comment in that report by the Tax Agents’ Association President, Ray Regan that (a) this year’s Taxpack has confused even the experts and (b) the Government’s tax reforms had complicated the system so much that tax agents’ fees would increase by 50 to 100 % this year.
  - (3) Has his attention also been drawn to a similar report in *The Canberra Times* on 26 June 2001 titled “Post-GST Taxpack too complicated: expert”.
  - (4) What action is he taking to make it easier for tax agents and taxpayers to better understand this year’s Taxpack.
  - (5) What action is he taking to minimise the increased costs taxpayers are bearing following the introduction of the Government’s recent tax reforms.
- 41 **MR MURPHY:** To ask the Treasurer—
- (1) Does subsection 262A(4) of the Income Tax Assessment Act require each person who is liable to pay income tax to retain their taxation records for a period of five years from the latter of the date on which the records were originally prepared or obtained, or the date on which the transactions or acts to which those records relate were completed.
  - (2) Does section 70 of the Taxation Administration Act prescribe the keeping of records of indirect tax transactions for at least five years after the completing of the transactions or acts to which they relate, including the goods and services tax (GST).
  - (3) Is he aware that, in light of the Government’s amendments to the taxation law and in particular the introduction of the goods and services tax, the volume of records required to be kept under the provisions of these Acts will increase significantly by imposing a substantial storage cost on individual taxpayers by virtue of the Acts’ record retention provisions.
  - (4) In light of the increased personal financial burden of document storage costs on individual taxpayers through the introduction of the GST, will he amend the retention provisions of both Acts to reduce the retention periods from five years to three years; if not, why not
- 42 **MR MURPHY:** To ask the Treasurer—
- (1) Is it stated at page 36 of *Taxpack 2001* that the ATO can ask taxpayers who claim work related deductions of over \$300 to justify such claims with written evidence.

  - (3) In determining the threshold of \$300, did the ATO consider the impact of the GST; if not, why not.
  - (4) Will the Taxation Commissioner consider reviewing the threshold of \$300 for work related deductions to require written evidence; if not, why not.

- 43 **MR MURPHY:** To ask the Treasurer—What percentage of (a) barristers and (b) solicitors pay the top marginal rate of income tax.
- 44 **MR MURPHY:** To ask the Treasurer—
- (1) Has his attention been drawn to an article in the *Australian Financial Review* of 11 May 2001 titled “ACCC shot down over airport price regulation”.
  - (2) Has the Australian Competition and Consumer Commission (ACCC) accepted a Federal Government direction to back Sydney Airport Corporation’s bid to secure an unregulated stream of revenue from non-aeronautical services such as shops and car parking.
  - (3) What cost impacts will this direction have on consumers of (a) aeronautical and (b) non-aeronautical services.
  - (4) Will he furnish a copy of the direction to Parliament; if so, when.
  - (5) What public interest consultation was undertaken in making the direction.
  - (6) Was the Board of Airline Representatives of Australia consulted.
  - (7) What other public interest groups were consulted.
  - (8) Does he agree with the ACCC head, Professor Fels’ prediction that this decision will result in higher prices.
  - (9) What are the policy and moral grounds for the direction to the ACCC.
  - (10) What are the public interest impacts of the decision on (a) consumers of airport services and (b) tenants of privatised airports, particularly service providers such as airline companies, on their profitability.
  - (11) Will the direction have an adverse effect on profitability of airline companies and other service providers due to non-regulation of non-aeronautical services in Australia’s privatised airports.
- 46 **MR MURPHY:** To ask the Treasurer—
- (1) Will he provide details of the parent controlling interest of Airport Motorways Limited.
  - (2) Will he provide details of the majority shareholders of Infrastructure Trust Australia (ITA).
  - (3) Is Macquarie Bank one of the bidders for Sydney Airport.
  - (4) Can the possibility that cross-industry of infrastructure associated with Sydney Airport, including road access to that airport, constitute monopolistic-like control of infrastructure to Sydney Airport.
- 47 **MR MURPHY:** To ask the Treasurer—
- (1) Has his attention been drawn to a media release from the Productivity Commission, dated 24 August 2001, titled “Price Regulation of Airport Services” in which the Productivity Commission recommends as its preferred option a five-year period of price and conduct monitoring for Sydney Airport, with no direct control over that period.
  - (2) If so, (a) upon what policy basis is this recommendation based, (b) upon what policy basis and instruments is the existing regulatory regime of price caps and regulation founded, (c) will he table copies of these policy instruments in the House and (d) will he table the policy reasoning that has led to the recommendation by the Commission that a monitoring regime be initiated.
  - (3) Further to the media release and an article at page 56 in the *Australian Financial Review* of 25-26 August 2001 concerning the Australian Competition and Consumer Commission’s (ACCC) overall ruling on Sydney’s aeronautical charges, (a) what is the policy rationale for the system of dual till pricing and (b) what impact will a dual till pricing system have on charges for consumers.
  - (4) Does the Commission’s judgment conflict with the ACCC’s overall ruling to increase aeronautical charges.
  - (5) What impact will the ACCC’s decision to increase aeronautical charges by 97% have on the second till non-aeronautical tenants, including shop owners, parking station owners and restaurants at Sydney Airport.
  - (6) Will the 97% increase in aeronautical charges decrease turnover for the non-aeronautical tenants at Sydney Airport due to increased airfares and other charges thus economically pricing out prospective consumers of Sydney Airport services.
  - (7) Will the new two-till system enable the prospective bidders for Sydney Airport’s airport lease to increase non-aeronautical tenants’ rents, thus decreasing profitability for those non-aeronautical tenants at Sydney Airport.

- (8) Will he provide case references for the court actions referred to in the *Australian Financial Review* article.
- (9) Are the terms of settlement between the parties in the litigation matters in the public interest and should be disclosed.

- (11) Were proceedings in the relevant court closed proceedings.
- (12) Are the terms of the out of court settlement in the public interest and do they warrant public scrutiny.
- (13) Do the terms of the out of court settlement directly impact on persons not party to the legal proceedings, including the general public and non-aeronautical tenants of Sydney Airport; if not, why not.
- (14) Upon what policy basis does the Productivity Commission seek to avoid the currently high level of regulatory involvement.
- (15) Will he seek to challenge the Commission's findings regarding its judgment or does he agree with the Commission's findings; if so, why; if not, why not.
- (16) Why does the Commission consider the current level of regulatory involvement as high.
- (17) Will he seek advice from the Commission to explain what is the existing policy of the current regulatory regime.
- (18) Are aeronautical services for Sydney Airport subject to price surveillance and are aeronautical related services subject to price monitoring.
- (19) Is Sydney Airport subject to pricing regulation under the Prices Surveillance Act.
- (20) Is Sydney Airport further subject to the current regulations under the Prices Surveillance Act made in 1997.
- (21) Would the current arrangements of pricing regulation apply only for the first five years of operation of the lease of Sydney Airport and Sydney Basin airports.
- (22) Further to the statement in relation to terms of reference No. 5 of the Commission draft report titled "Price Regulation of Airport Services", (a) what is the policy rationale for the premise that the price caps applied to aeronautical services will no longer operate, (b) what is the policy rationale for applying this regulation for only a five year period, (c) what event or milestone date did the Government contemplate in 1997 that predicated a sunset clause to terminate a price surveillance regulatory regime such as the 1997 regulations and (d) were the regulations instituted with a view to the elimination of price capping in 2002; if so, what is the policy basis to eliminate the price capping provisions in 2002.
- (23) Did he contemplate in 1997 the sale of Sydney Airport by transfer of the airport lease from Sydney Airport Corporation to a private person; if so, at the time of making his prices surveillance regulation that currently regulates Sydney Airport, did he know that the airport would be leased to a private entity or corporate person who is not the current lessee.
- (24) In 1996 when the then Minister for Transport and Regional Services made his second reading speech on the Airports Bill 1996, was it stated that Sydney Airport would not be sold until Sydney Airport's aircraft noise problems had been solved.
- (25) Did he know whether the pricing regulatory regime must accommodate a financial component that satisfies all policy objectives of Government, including solving Sydney Airport's aircraft noise problems through the full introduction of the Long Term Operating Plan (LTOP) and the completion of a genuine environmental impact statement (EIS) for Sydney West Airport and the construction of that airport.
- (26) Does paragraph 8(1)(b) of the Productivity Commission Act state that a general policy guideline of the Commission is to reduce regulation of industry, including regulation by the States, Territories and local government, where this is consistent with the social and economic goals of the Commonwealth Government.
- (27) Is he able to say whether the LTOP is a Ministerial Direction issued by power given to the Minister for Transport and Regional Services under section 16 of the Air Services Act.
- (28) Is the LTOP, for the purposes of paragraph 8(1)(b) of the Productivity Commission Act, a social and economic goal of the Commonwealth Government; if not, why not.
- (29) Is the construction of Sydney West Airport at Badgerys Creek a social and economic goal of the Commonwealth Government, pursuant to paragraph 8(1)(b) of the Productivity Commission Act; if not, why not.

- (30) Is it reasonable for the Commission to accept submissions at public hearings into the draft report on the Price Regulation of Airport Services, concerning the two relevant social and economic goals of the Commonwealth Government referred to in part (25).
- (31) Is it reasonable for the Commission to consider these goals when considering the terms of reference to the Price Regulation of Airport Services at Sydney Airport; if not, why not, given paragraph 8(1)(b) of the Productivity Commission Act.
- (32) Can price regulation be used to administer environmental control of Sydney Airport in meeting the Government's social and economic goals and fulfilling the LTOP.
- (33) Does paragraph 8(1)(e) of the Productivity Commission Act state that a general policy guideline of the Commission is to recognise the interests of industries, employees, consumers and the community, likely to be affected by measures proposed by the Commission.
- (34) Does the Sydney Airport Community Forum (SACF) and its members represent members of the community likely to be affected by measures proposed by the Commission; if not, (a) why not and (b) will he notify the Productivity Commissioner under the powers given him pursuant to subsection 8(2), that the SACF and its members be considered members of the community likely to be affected by measures proposed by the Commission; if not, why not.
- (35) Is he able to say whether, by virtue of membership of the SACF, members of the SACF constitute part of a statutory committee established under the auspice of the Commonwealth Department of Transport and Regional Services and as such, constitute a formal element of the public interest process of community consultation as established by the Minister for Transport and Regional Services.
- (36) In fulfilling its obligations under section 8 of the Productivity Commission Act, must the Commission consider environmental and ecological constraints as part of the Act's general policy guidelines; if not, why not.
- (37) Will he notify the Productivity Commissioner in writing under the powers given him pursuant to subsection 8(2) that the (a) full implementation of the LTOP and (b) construction of Sydney West Airport before the sale of Sydney Airport as a strategic solution to solving Sydney Airport's aircraft noise problems, are matters going to the operation of paragraph 8(1)(b) as a social and economic goal of the Commonwealth Government and need to be considered as part of the Commission's terms of reference in respect to the draft report on Price Regulation of Airport Services; if not, why not.
- (38) Is the Commission's scope of inquiry into Price Regulation of Airport Services narrow as it has not been directed to report on whether relevant Government social, economic and other goals are adversely affected, compromised or negated; if not, why not.
- (39) Is the Commission's direction of recommendations flawed in that the Commission is not being called upon to identify relevant issues going to social and economic goals.
- (40) For the purposes of clause 9 of the draft report's scope of inquiry, do key interest groups and affected parties include the SACF and its members.

48 **MR MURPHY:** To ask the Treasurer—

175 **MR McCLELLAND:** To ask the Minister for Transport and Regional Services—

- (1) Has Airservices Australia identified any cost savings that can only be achieved by moving the Sydney Terminal Control Unit (TCU) to Melbourne and cannot be achieved with the Sydney TCU in situ; if so, what are these savings and how will they be reflected in lower charges to Airservices Australia's customers.
- (2) Has Airservices Australia identified any operational improvements that can only be implemented by moving the Sydney TCU to Melbourne and cannot be achieved with the Sydney TCU in situ; if so, what are these operational improvements and how will they be reflected in improved service to the aviation industry.
- (3) If Airservices Australia believes that savings can be made from moving remote facilities to Melbourne, has it also considered moving the Air Traffic Management Group from Canberra to Melbourne; if not, why not.
- (4) Would the move referred to in part (3) have the potential to not only reduce costs, but also allow the Airservices Australia management team to have a much closer working relationship with both field staff and customers.
- (5) What benefits to the Australian aviation industry does Airservices Australia expect will result from consolidating TCU facilities.
- (6) Has Airservices Australia advised that TCU consolidation will allow improved service delivery and greater integration and standardisation of air navigation services; if so, (a) what does this mean, (b) how will it benefit the Australian aviation industry and (c) why cannot these same benefits be delivered without relocating the Sydney, Adelaide and Perth TCUs to Melbourne.
- (7) Has Airservices Australia advised that should TCU consolidation go ahead, it expects an increase in service levels to the aviation industry through improved operations because of less fragmentation, increased standardisation and optimisation of operating procedures, more efficient transition between Enroute and TCU and the potential for reductions in air navigation costs; if so, (a) what is meant by improved operations because of less fragmentation, increased standardisation and optimisation of operating procedures and more efficient transition between Enroute and TCU and (b) how will these changes lead to an increase in service levels and a reduction in air navigation costs.

- (8) Has Airservices Australia advised that should TCU consolidation go ahead, cost savings will be achieved through reduced management overheads and infrastructure, reduced maintenance and technical support and spare holding, improved equipment utilisation, optimisation of operational procedures and consistency of service; if so, (a) what management overheads and infrastructure will be reduced, (b) what maintenance and technical support and spares holding will be reduced, (c) what equipment utilisation will be improved, (d) what is meant by optimisation of operational procedures and consistency of service, (e) how will this lead to cost savings by Airservices Australia and (f) by what sum does Airservices Australia expect charges to the aviation industry will be reduced if these cost saving measures are implemented.
- (9) Are communication and radar facilities used to control Sydney traffic located either on the airport or in close proximity to the control centre; if so, and the control centre is moved to Melbourne, (a) will controllers be over a thousand kilometres from these radar and communication facilities, (b) will this increased distance introduce more links in the data transfer chain that will connect Melbourne-based controllers to Sydney-based facilities and (c) how will Airservices Australia ensure that this increased potential for data link failures will not affect the safety of aircraft flying over Sydney or the residents who live under their flight paths.
- (10) Is it the case that, at present, should Sydney tower be rendered unusable for any reason, it would only take a few minutes for contingency arrangements to be put in place and if the TCU was rendered inoperable for any reason, two consoles in the tower could be reconfigured in a matter of minutes and used by TCU controllers to provide air traffic control services to airborne Sydney traffic; if so and the Sydney TCU was located in Melbourne, (a) would this capability, among others, be lost and (b) how does Airservices Australia plan to overcome this degradation in disaster recovery ability should consolidation go ahead.
- (11) Should an air traffic control facility suffer a catastrophic failure, is it true that, at present, adjacent areas can provide assistance, such as the use of their radar and communication facilities, that greatly improves the chance of a successful recovery; if so, and Airservices goes ahead with its consolidation plans, will this disaster recovery option be lost.
- (12) If a consolidated Melbourne centre was rendered inoperable through facility failure or some other catastrophic event, (a) would half of Australia's airspace be uncontrolled, including airspace over residential areas of Sydney, Canberra, Melbourne, Adelaide and Perth and (b) how does Airservices Australia plan to address this issue so that disaster recovery margins are not reduced by consolidating four centres into one.
- (13) Are TCU controllers responsible for providing all air traffic control services, including emergency services, to airborne traffic within 45 nautical miles of the primary airport while tower controllers are only responsible for aircraft on the aerodrome and aircraft immediately prior to landing and immediately following takeoff; if so, (a) is it important for the TCU controller to have detailed knowledge of local geography, weather patterns and terrain, in case an emergency occurs within 45NM of Sydney and requires assistance from the TCU and (b) if TCU consolidation goes ahead, (i) how will the local knowledge possessed by current controllers at Sydney airport be replicated if those controllers are moved to Melbourne and (ii) will a loss of local knowledge impair the ability of remotely located TCU controllers to resolve the emergency situations.
