## PRIVATE MEMBERS' BUSINESS

### Notices given for Wednesday, 14 May 2003

\*1 **MS ELLIS:** To move—That this House:

- (1) recognises the valuable role of the supported employment sector in providing paid work to people with disabilities;
- (2) notes that employment gives people with disabilities not only an income, but also important social and developmental experiences;
- (3) asserts the need to ensure that pay and working conditions for people with disabilities are fair and meet minimum standards;
- (4) notes Government reforms in this area including Quality Assurance reforms and the introduction of case-based funding to business services;
- (5) acknowledges that unless these reforms are introduced in a coordinated manner and with adequate support to the supported employment sector, the viability of many business services in this sector may be threatened and that, according to the Department's Case Based Funding Trial Final Evaluation Report: Main Findings (October 2002, page 14), "based on maintenance funding levels, 67% of Business Services would operate at a deficit, 5% at close to break even and 28% at a surplus"; and
- (6) calls upon the Government to:
  - (a) consult with the supported employment sector to ensure that the original December 2004 deadline for certification allows optimal outcomes to be achieved;
  - (b) provide adequate assistance to the supported employment sector, so that nil, or a minimum number of businesses become unviable leading to loss of employment by some people with disabilities;
  - (c) liaise with people working in business services and their families to ensure that they are prepared for the transition or closure of the business service; and
  - (d) liaise closely with the State/Territory governments to ensure that they are prepared and able to manage the increased demand on services as a result of business service closures. (*Notice given 13 May 2003.*)

\*2 **MR BEVIS:** To move—That this House:

- (1) notes that in the appointment of the Governor-General, only the views of the Prime Minister of Australia are considered and that neither the Cabinet, the House of Representatives, the Senate, nor the community have any say in the appointment; and
- (2) advises the Prime Minister that it believes that future nominations for Governor-General should be submitted to both houses for their consideration and approval by a two-thirds combined vote of the House of Representatives and the Senate prior to the transmission of the name of the proposed appointment to the Queen. (*Notice given 13 May 2003.*)

\*3 **MR SOMLYAY:** To move—That this House calls on the Government to:

- (1) congratulate Taiwan on its substantial achievements in the field of health and its many contributions to world health care;
- (2) acknowledge that Taiwan's contributions to world health care could be made much more effectively and with much broader scope under the auspices of the World Health Organisation (WHO);
- (3) acknowledge the need for a fully-integrated global health care system and the undesirability of Taiwan's exclusion from this system, particularly in the light of the current Severe Acute Respiratory Syndrome crisis;
- (4) recognise therefore, that Taiwan's participation as an observer in the WHO would not only benefit the people of Taiwan, but also leave no loophole in the world health care network; and
- (5) help Taiwan find appropriate and feasible ways to participate meaningfully in the WHO. (*Notice given 13 May 2003.*)

\*4 **MS ELLIS:** To move—That this House:

- (1) recognises the valuable role of carers in Australia;
- (2) notes that there are at least 388,800 carers under the age of 26 years in Australia, that 18,800 of these are primary carers and that Carers Australia states that these figures are likely to be an underestimate due to the number of 'hidden' carers;
- (3) notes the potential for a significant and negative impact on the lives of young carers including poor physical and mental health, leaving school early, social isolation and reduced training and employment opportunities;
- (4) notes the Young Carers Research Project undertaken by Carers Australia, with funding by the Commonwealth Department of Family and Community Services (FACS), which published a Final Report in 2001 that makes ten recommendations on future directions for policy, research and program development in this area; and
- (5) calls on the Government to take immediate action on the recommendations outlined in the Young Carers Research Project Final Report.

\*5 **MS ROXON:** To present a Bill for an Act to establish an Office of National Commissioner for Children and Young People, and for related purposes.

\*6 **MR K. J. THOMSON:** To present a Bill for an Act to ratify the Kyoto Protocol to the United Nations Framework Convention on Climate Change.

\*7 **MR HARTSUYKER:** To move—That this House:

- (1) notes the recent announcement of the Carr Labor Government to declare 65,000 hectares of land as 15 new National Parks, State Conservation Areas and State Forest reserves;
- (2) is concerned that this declaration may be in breach of the Regional Forest Agreement between New South Wales and the Commonwealth;
- (3) is concerned that the removal of this land from production will impact upon timber resources required to sustain employment in timber communities and the future viability of those communities; and
- (4) is concerned that substantial Commonwealth and New South Wales Government funds invested under FISAP will be placed at risk as a result of this declaration.
