1548 **MR MURPHY:** To ask the Treasurer—

- (1) Why does the 2001-2002 annual report on the activities of the Australian Taxation Office omit a chapter titled “Legal Profession Project” (LPP) which appeared in the 2000-2001 annual report.
- (2) Where can the report of the activities of the LPP be found for the period 2001-2002.
- (3) Does the LPP still exist; if so, what is the nature of its work and to whom does it report.

1549 **MR MURPHY:** To ask the Treasurer—

- (1) Further to the information provided at page 63 by the Commissioner of Taxation in the annual report of 2000-2001 that 590 barristers had income tax debts of about \$52 million, what is the current sum of the outstanding tax debt to be collected from barristers in NSW.
- (2) Does the drop in the number of barristers with outstanding debts from 590 to 432 from 1999-2000 to the 2000-2001 demonstrate the success of the Legal Profession Project (LPP); if so, how; if not, why not.
- (3) Is the success in the project supported by the statistics cited by the Commissioner of Taxation on page 63 of the 2000-2001 annual report that overall the number of cases for barristers decreased 26 per cent, and the total debt dropped 14 per cent; if so, how; if not, why not.
- (4) Did he see that segment of the annual report at page 64 titled “Be more involved with trustees” in which the cases of *Re: Davison – Special Case to the Full Court of the Federal Court* and subsequently reported as *In the matter of Davison, Donnelly v Davison [2000] FCA 1396 (6 October 2000)* are cited; if so, how has the Commissioner of Taxation more vigorously pursued debt recovery involving barristers using trusts to avoid tax.

- (6) In the matter of *Prentice v Cummins No.5 (Fed Ct Ref N7481 of 2002)* is he aware that the reported judgment notes that Mr Cummins became bankrupt by his own petition in December 2000 and that between 1995 and early 2000, Mr Cummins failed to lodge any income tax returns and owed an estimated \$955,672.92 in unpaid taxes to the Commissioner of Taxation.
- (7) Is he aware that the said report in N7481 notes that the trustees of the bankrupt estate of Mr Cummins seek to recover certain property or funds said to have been transferred by Mr Cummins to his wife and to the trustee of the Cummins Family Trust.
- (8) Is he aware that, in like fashion, there was also an intent to transfer property out of the reach of creditors in the pending proceedings before a full examination by the Federal Court of Australia on 19-20 February 2003 in the matter of Mr Stephen Archer, a former barrister now the subject of his third serial bankruptcy.
- (9) In light of the similarity of facts between the Cummins and Archer matters with intent to transfer property out of reach of creditors, can he say whether the Commissioner of Taxation is prosecuting with full force, his powers under section 121 of the Bankruptcy Act and elsewhere, with respect to those 590 barristers deliberately transferring property or other assets so as to defeat creditors, principally, the Commissioner of Taxation; if so, how; if not, why not.
- (10) What is the number and percentage of those 590 barristers who are engaged in activities to defeat creditors involving (a) the transfer of their personal assets into family trusts, (b) the transfer of their personal assets to their spouses and (c) other transfers, gifts etc. whilst still having significant outstanding debts to creditors, principally the Commissioner of Taxation.
- (11) Is he able to say how widespread is the practice of what may be described as asset stripping amongst barristers in NSW and in the other membership lists of the Bar Associations of all the States and Territories; if so, how; if not, why not.

1550 **MR MURPHY:** To ask the Treasurer—

- (2) What are the details of the “outstanding years” of those 771 barristers who have one or more years of outstanding tax returns.
- (3) With respect to the Commissioner of Taxation’s report that only 56 per cent of the NSW Bar Association were current with their tax returns, what are the current numerical and percentile break-ups of both data and statistics in number of years for outstanding non-lodgments of tax returns by barristers in NSW.
- (4) What action is being taken to arrest the high percentile of barristers who have one or more years of outstanding income tax returns.
- (5) What does the Commissioner of Taxation define as a serial offender of non-compliance with taxation law, in particular, non-lodgment of tax returns.
- (6) Is a serial offender a barrister with a history of (a) two or more consecutive years of non-lodgment or (b) two or more years of non-lodgment, whether consecutive or not, or is there some other definition; if so, what is that definition.
- (7) What is the total number of barristers registered throughout all Bar Association Registries in each of the States and Territory Bar Associations, who have described themselves by this occupation when filing and for the purposes of lodging their tax returns.
- (8) Can he confirm the existence of certain barristers who declare themselves to be within either (a) Australian Taxation Office Business Industry Codes (BIC) or (b) other occupations other than as barrister as defined under the BIC or as a barrister yet lodging under another BIC, yet still be practising effectively as a barrister for fee for service; if so, what is the number and percentile of those barristers practising yet not declaring themselves to be barristers for taxation purposes.

1566 **MR M. J. FERGUSON:** To ask the Minister for Transport and Regional Services—

- (1) Has Airservices Australia advised him or any organisation that it can reduce the number of Air Traffic Controllers to 18 if the Perth Terminal Control Unit (TCU) is relocated to the Melbourne air traffic services facility; if so, (a) what analysis has been conducted to verify that this reduced number is achievable, (b) has a base roster been produced to demonstrate that adequate console coverage, leave relief and training requirements can be achieved with 18 Air Traffic Controllers and if not, why not, and (c) what analysis has been done to show that the Perth TCU will require only 18 Air Traffic Controllers in Melbourne but more than that number in situ and, if no analysis has been undertaken, why not.
- (2) Has Airservices Australia advised him or any organisation that it can reduce the number of Air Traffic Controllers to 15 if the Adelaide TCU is relocated to the Melbourne air traffic services facility; if so, (a) what analysis has been conducted to verify that this reduced number is achievable, (b) has a base roster been produced to demonstrate that adequate console coverage, leave relief and training requirements can be achieved with 15 controllers and if not, why not, and (c) what analysis has been completed to show that the Adelaide TCU will only require 15 Air Traffic Controllers in Melbourne but more than that number in situ and, if no analysis has been undertaken, why not.
- (3) Has Airservices Australia advised him or any organisation that it can reduce the number of Air Traffic Controllers to 66 if the Sydney TCU is relocated to the Melbourne air traffic services facility; if so, (a) what analysis has been conducted to verify that this reduced number is achievable, (b) has a base roster been produced to demonstrate that adequate console coverage, leave relief and training requirements can be achieved with 66 controllers and if not, why not, and (c) what analysis has been done to show that the Sydney TCU will only require 66 Air Traffic Controllers in Melbourne but more than that number in situ and, if no analysis has been undertaken, why not.
- (4) Has Airservices Australia advised him or any organisation that 34 support positions, including management, training and data staff can be made redundant if the Sydney TCU is relocated to the Melbourne air traffic services facility; if so, what documented analysis has been conducted to determine how each job can be made redundant without adding extra resources in Melbourne; if no analysis has been completed, why not.
- (5) Has Airservices Australia developed a detailed resource and training plan for TCU consolidation that identifies: (a) where each replacement terminal controller will be sourced, (b) where additional controllers will be sourced to release others to TCU training, (c) how normal ongoing training, including ab initio, refresher, cross stream and project and procedure development training requirements will be accommodated, and (d) what training staff and resources will be required to meet this training demand; if not, why not.

- (6) Has Airservices Australia advised him or any organisation that it will rely on third-party service providers to transfer communication, radar and computer data to the Perth, Adelaide and Sydney TCUs if they are consolidated to the Melbourne centre and if so, are the existing reliability levels of these third-party provided systems adequate for a consolidated TCU structure.
- (7) Is it the case that the third-party maintained radio link between the Sydney and Brisbane oceanic sector failed at least 11 times last year and that the satellite links that relay radio and/or radar data to the Melbourne and Brisbane centres failed at least four times since January 2001; if so, how will Airservices Australia ensure these failures will not continue to occur if TCU consolidation goes ahead.
- (8) Has Airservices Australia advised him or any organisation that TCU consolidation will “*provide the basis for increased standardisation and safety in the future*”; if so, (a) what documented analysis of existing procedures has been completed that identifies those that require increased standardisation, (b) what remedial plans have been developed that will ensure that increased standardisation will be achieved by a consolidated TCU structure, (c) what safety deficiencies have been identified and documented with the present distributed TCU structure, and (d) what documented analysis has been completed that proves that consolidating the TCUs to Melbourne will rectify these deficiencies.
- (9) Has Airservices Australia advised him or any organisation that TCU consolidation will “*reduce cost of service delivery and thereby the price*” charged to the aviation industry and that the amount of the planned reductions in charges to the aviation industry would be finalised at the end of the consultation period that ended in 2002; if so, (a) what is the amount of the cost reduction calculated by Airservices Australia if TCU consolidation goes ahead, and (b) has Airservices Australia calculated the difference between the charges that would apply if TCU consolidation proceeds compared to those that would apply if it does not, and if not, why not.
- (10) Has Airservices Australia advised him or any organisation that TCU consolidation will “*ensure service delivery is appropriately structured*”; if so, (a) what analysis has been conducted to identify deficiencies in Airservices Australia’s present service delivery standards, (b) what plans have been developed to ensure that TCU consolidation will result in appropriately structured service delivery, and (c) what benefits will result for Airservices Australia’s customers when service delivery is appropriately structured.
- (11) Has Airservices Australia advised him or any organisation that “*probably one of the greater benefits of integration is the possibility that is offered to integrate sectors*”; if so, (a) what sectors will be integrated, (b) what analysis has been conducted to determine that these sectors can be integrated, (c) why were not the sector reduction targets in the Air Traffic Management Benefits Program achieved, (d) what history “*has proven that it is much more difficult to integrate sectors if those sectors are not all within the one facility*”, and (e) were sectors integrated as a result of the Canberra TCU being consolidated to the Melbourne air traffic services facility and, if no sector integration occurred then, why not.
- (12) Is it the case that Airservices’ Australia’s predecessor, the Civil Aviation Authority, advised in June 1994 that the consolidation of enroute sectors would allow Sydney arrivals south and Melbourne sector 7 to be combined thus saving \$500,000 p.a. in staff costs; if so, (a) did this occur and if not, why not, (b) what comparative analysis has been completed that demonstrates that the consolidation of the Sydney, Adelaide and Perth TCUs will facilitate sector integration whereas the integration of the Canberra TCU and Sydney enroute sectors to Melbourne did not, and (c) if no comparative analysis has been completed, how has Airservices Australia established that TCU consolidation will facilitate sector integration.
- (13) Has Airservices Australia advised him that if TCU consolidation goes ahead, contingency and business continuity arrangements would be available to at least the same level of assurance as those currently existing; if so, has Airservices Australia developed a detailed contingency and business recovery plan for a consolidated TCU structure that satisfies this undertaking; if not, why is Airservices continuing to develop TCU consolidation plans.
- (14) Has Airservices Australia advised him or any organisation that if a consolidated Melbourne centre was rendered inoperable through facility failure or some other catastrophic event, then airspace over the southern half of Australia including the residential areas of Sydney, Canberra, Melbourne, Adelaide and Perth would still be controlled, if so, what detailed plan exists to ensure that aircraft in this airspace would receive an air traffic control separation service even if the Melbourne centre had been rendered inoperable.
- (15) Has Airservices Australia advised him or any organisation that “*the integration of air navigation facilities has for some time been world’s best practice as has been evident in Canada, USA and the*

- UK.”; if so, what analysis has been conducted to assess: (a) what facilities have been integrated in these countries, (b) what benefits were achieved for the service provider and the aviation industry in each country, (c) what technical infrastructure has been put in place to ensure system reliability, and (d) what relevance do these consolidations have to the Airservices Australia proposal.
- (16) Is it the case that a correctly constituted expert safety panel assessed the risk of having a large number of inexperienced terminal staff after consolidation as “Category A unacceptable” and that a Melbourne management review panel changed this initial assessment to “Category D acceptable”; if so, (a) did the management review panel composition comply with the Project Safety Plan and (b) what documented evidence was presented to justify any reassessment of risk.
  - (17) Has Airservices Australia advised him or any organisation that it will address community concerns about the future management of LTOP issues at Sydney by stating that “*to a great extent these concerns can be overcome by a number of initiatives which could be put in place prior to integration and tested for effectiveness*”; if so, (a) what are these initiatives, and (b) how will their effectiveness be assessed.
  - (18) Has Airservices Australia advised that it will address community concerns about LTOP management by stating that “*post-integration the Tower supervisor will have the primary say in the runway configuration*”; if so, (a) has this runway mode management procedure been used before; if so, (i) when was it used, (ii) why is it no longer used, and (b) if Airservices Australia plans to use this procedure again, how will it ensure that the same safety concerns that caused it to be abandoned previously will not occur in the future.
  - (19) Is TCU consolidation a prerequisite for any of the following: (a) a more efficient air route structure, (b) reduced delays at Sydney, Adelaide or Perth airports, (c) more efficient climb and descent profiles, (d) more effective environmental management (particularly LTOP at Sydney) and (e) safer terminal area procedures at Sydney, Adelaide or Perth; if so, (i) what analysis has been conducted to quantify the benefits in each of these areas that can only be achieved by consolidating the TCUs to Melbourne, (ii) what analysis has been completed to determine why these improvements cannot be implemented with the TCUs in situ, and (iii) if these improvements are not dependent on TCU consolidation, why does Airservices Australia consider that TCU consolidation will deliver operational benefits for its customers.
  - (20) If TCU consolidation goes ahead, what measurable criteria will Airservices Australia use to evaluate its success and what guarantees will Airservices Australia give to stakeholders that these measurable criteria or benchmarks will be achieved.
  - (21) Has Airservices Australia advised him or any organisation that it has identified cost savings that can only be achieved by consolidating Sydney, Adelaide and Perth TCUs to the Melbourne centre; if so, (a) what detailed analysis has been completed to quantify these projected savings, (b) what detailed analysis has been completed to determine the dollars per tonne reduction in charges that will result, (c) what detailed analysis has been done that identifies the difference in charges that will result from consolidating the three TCUs as compared to leaving them in situ, and (d) what detailed analysis has been completed that identifies why the same reduction in charges cannot be achieved with the TCUs remaining in situ and if no detailed analysis has been completed, why not.
  - (22) How much did Airservices Australia budget to spend on investigating the consolidation of Perth, Adelaide and Sydney TCUs to the Melbourne centre.
  - (23) How much has been spent to date on this project and will the amount spent on investigating TCU consolidation be included as cost of TCU consolidation if this project proceeds, if not, why not.
  - (24) Has Airservices advised that Sydney, Adelaide and Perth terminal controllers located in Melbourne will retain local knowledge through familiarisation visits and ongoing briefings; if so, (a) why did the Melbourne management review of the safety analysis of TCU consolidation reject the loss of local knowledge as a credible risk associated with consolidating the TCUs, and (b) if local knowledge is considered important and familiarisation visits and ongoing briefing will be provided to ensure controllers retain local knowledge, (i) what detailed analysis has been conducted to determine the number of familiarisation days per annum that will be required to retain adequate levels of local knowledge, (ii) what ongoing briefing content will be provided to retain this knowledge and (iii) what budget allowance has been made for local knowledge issues.
  - (25) Has Airservices Australia advised him or any organisation that its legal department has expressed no opinion on the broader issue of TCU consolidation, if so, what was Airservices Australia’s General Counsel referring to when she advised in relation to an aircraft crash near Lake George that “... *if controllers had local knowledge of the relevant area, they would then have the necessary intimate terrain knowledge*. Such an allegation, if successful, has serious implications for Airservices’ ability

to implement TCU consolidation and possibly other ATM strategies. Accordingly, we will be attempting to persuade our insurer to seek a favourable settlement of this claim...”.

- (3) Is he able to confirm the report titled "Egypt court accepts Australian help" in [www.news.com.au](http://www.news.com.au) on 29 September 2003 which stated that the charge has been reduced to lesser charges of "causing death by mistake" and "aiding and abetting the entry of aliens without effective travel documents".
- (4) If the charge has been reduced, was this done at the advice of Australian authorities; if so, which authorities and for what reasons.
- (5) Is he able to confirm the reports in the Australian press on 8 September 2003 that the Australian Federal Police (AFP) offered to Egyptian prosecutors for use in the trial "a brief of evidence and witness statements gathered from the 45 survivors" from the sinking of SIEV X.

- (11) Has he been advised that the higher the number of survivors of the SIEV X sinking who are able to testify in sworn statements or in person before the Egyptian court, the better chance the court will have to establish the facts of the case and to ensure that justice is done and seen to be done.
- (12) Has he been advised that, if there is not available to the court a body of broadly-based oral or written testimony from a large number of SIEV X survivors, the provision of oral or written testimonies from the few survivors who are currently residing in Australia will place a heavy evidentiary burden on this small number of testimonies.
- (13) Can he confirm that there are up to 78 surviving persons who are, subject to considerations of age and health, potentially available to testify in this trial.
- (14) What is the Australian Government doing to encourage and assist the Egyptian Government to establish contact with the large number of SIEV X survivors who are known to be living in other countries that accepted them as refugees.
