 - (2) the Government's interest bill on this debt, as yet undisclosed, will be a continuing burden on Australian families for future generations;
 - (3) despite claims that the Government will pay off its debt by 2022, the Government has refused to provide any modelling to substantiate this claim; and
 - (4) the high level of Government borrowing will place an ongoing and upward pressure on interest rates for Australian families. (*Notice given 2 June 2009. Notice will be removed from the Notice Paper unless called on on any of the next 3 sitting Mondays after 19 October 2009.*)
- 10 **MRS IRWIN:** To move—That the House:
- (1) notes:
 - (a) that despite declarations from both sides of politics that they will not build an airport at Badgerys Creek, the airport designation for the site is still in place;
 - (b) that residents and landholders in the designated area are unable to develop property unless buildings comply with airport zoning requirements;
 - (c) the financial hardship and emotional stress endured by residents and landholders affected by the Badgerys Creek airport designation; and
 - (d) the adverse impact on planning and economic development in Western Sydney caused by the Badgerys Creek airport designation; and
 - (2) calls on the Government to immediately lift the airport designation on the Badgerys Creek airport site. (*Notice given 3 June 2009. Notice will be removed from the Notice Paper unless called on on any of the next 3 sitting Mondays after 19 October 2009.*)
- 11 **MR DREYFUS:** To move—That the House, as recommended in the Human Rights and Equal Opportunity Commission's *Bringing Them Home* report tabled in the Senate on 26 May 1997, recognises that 26 May is National Sorry Day, a day of remembrance each year to commemorate the history of forcible removal of Aboriginal and Torres Strait Islander children and its effects on individuals, families and communities. (*Notice given 4 June 2009. Notice will be removed from the Notice Paper unless called on on any of the next 4 sitting Mondays after 19 October 2009.*)
- 12 **MR RIPOLL:** To move—That the House:
- (1) notes that:
 - (a) global food prices have risen 83 per cent since 2005;
 - (b) the World Bank's 2008 *Agriculture for Development* report predicts global cereal production must increase by 50 per cent and meat production by 85 per cent between 2000 and 2030 to meet demand;
 - (c) Australia has recently suffered some of the worst droughts on record, increasing water scarcity and affecting our local crops and produce;
 - (d) many Organisation for Economic Co-operation and Development countries have diverted large proportions of crops to biofuel production; and
 - (e) foreign aid to agriculture fell from 18 per cent of total aid 30 years ago, to 3.5 per cent in 2004; and
 - (2) supports:
 - (a) positive initiatives by the current Government to address climate change;
 - (b) policies, projects and programs that deliver long term solutions for water security; and
 - (c) the Government's commitment to tackle the impact of rising food prices and shortages by addressing the root causes of global food security. (*Notice given 25 June 2009. Notice will be*

removed from the Notice Paper unless called on on any of the next 5 sitting Mondays after 19 October 2009.)

13 MR SIDEBOTTOM: To move—That the House:

- (1) is highly critical of Telstra for introducing a \$2.20 fee for over-the-counter and mail payments of Telstra bills;
- (2) notwithstanding concessions for pensioners and some Health Care Card holders, notes such a charge is an unfair penalty on low income families and individuals and considers it to be a penalty which is unfair and unjust;
- (3) regards the \$2.20 fee and accompanying increases in processing charges for payment by credit card as an attempt to herd people onto the Internet or force them into direct debit arrangements, often against their wishes or capacity;
- (4) acknowledges these increases will negatively affect thousands of low income customers and fly in the face of Telstra Chief Mr David Thodey's corporate instruction to Telstra staff and agencies to become 'customer ambassadors'; and
- (5) on behalf of the many thousands of loyal Telstra customers who will be negatively affected by these charges, asks Telstra to rescind the fee and demonstrate in a practical way that Telstra is, once again, truly 'an agent of the customer'. *(Notice given 18 August 2009. Notice will be removed from the Notice Paper unless called on on any of the next 6 sitting Mondays after 19 October 2009.)*

14 MS REA: To move—That the House:

- (1) applauds the Government's increase of total health funding in the foreign aid budget and an increase in spending to maternal, newborn and child health, which is much needed when in our region, including South Asia, 200,000 mothers and 3.2 million children are dying every year from preventable causes;
- (2) notes that:
 - (a) Australia still requires an increase in total health funding in the foreign aid budget to meet its fair share by 2015 to reduce Millennium Development Goals (MDGs) 4 and 5;
 - (b) Millennium Development Goal 4 to reduce child mortality by two-thirds and MDG 5 to reduce maternal mortality by three-quarters have made the slowest progress of all MDGs and are off-track to being achieved by 2015;
 - (c) Millennium Development Goal 5 has made virtually no progress globally and has reversed in most of sub-Saharan Africa in the last 20 years—it is the only MDG not making progress of any significance;
 - (d) the health MDGs are achievable but require increased effort and greater cooperation from all developing and developed countries; and
 - (e) evidence indicates that successful proven, cost effective strategies exist that can reduce child deaths by at least 60 per cent and maternal deaths by 75 per cent, which would save the lives of 240,000 children and 26,000 mothers in our immediate region each year;
- (3) acknowledges the importance of the Australian Government increasing its support for health systems in the Asia Pacific region and in Africa (though coordinated mechanisms including the International Health Partnership) to ensure that adequate, coordinated, long term and predictable donor resources are available to support effective basic and reproductive health plans and systems in each developing country in our region; and
- (4) recognises that:
 - (a) greater focus must be placed on training health professionals and midwives to ensure significant reductions in newborn, child and maternal mortality;
 - (b) system strengthening must also be ensured to provide incentives for staff to be retained in countries and areas of need; and
 - (c) an increase in Australian support for maternal and child health related spending is required to support the provision of basic health services and health system strengthening and reflect Australia's fair share of Organisation for Economic Co-operation and Development countries, which will demonstrate Australia's leadership and commitment to ending the preventable deaths of children and mothers globally. *(Notice given 8 September 2009. Notice will be removed from the Notice Paper unless called on on any of the next 7 sitting Mondays after 19 October 2009.)*

15 **MR CHESTER:** To move—That the House:

- (1) notes that National Landcare Week, 7 to 13 September, in 2009 commemorated 20 years of service across Australia;
- (2) recognises that Landcare:
 - (a) is primarily a community driven, grassroots organisation that involves local people achieving locally significant environmental aims; and
 - (b) volunteers make an extraordinary contribution by understanding practical environmental work; and
- (3) highlights the need for ongoing funding to employ Landcare facilitators and coordinators who play a pivotal role in:
 - (a) managing the volunteer programs;
 - (b) assisting community groups;
 - (c) providing professional advice; and
 - (d) mobilising volunteer effort. (*Notice given 10 September 2009. Notice will be removed from the Notice Paper unless called on on any of the next 8 sitting Mondays after 19 October 2009.*)

16 **MR BRIGGS:** To move—That the House:

- (1) notes that:
 - (a) the young people detained in the Megill Youth Training Centre in South Australia are being held in degrading conditions; and
 - (b) in the assessment of Australia's United Nations Youth Representative, Mr Chris Varney, this represents a breach of the United Nations Convention on the Rights of a Child;
- (2) recognises that:
 - (a) in 2006, the South Australian Labor Government acknowledged that the centre was in need of replacement as it breached modern building codes and occupational health and safety requirements; and
 - (b) the South Australian Government is yet to keep its election promise; and
- (3) calls on the Federal Youth Minister to intervene in this urgent matter and ensure that a new centre is built as promised by the South Australian Labor Government. (*Notice given 15 September 2009. Notice will be removed from the Notice Paper unless called on on any of the next 8 sitting Mondays after 19 October 2009.*)

17 **MR HUNT:** To move—That the inclusion of ecological communities in the list of threatened ecological communities (Lowland Native Grasslands of Tasmania), made on 18 June 2009 under section 181 of the *Environment Protection and Biodiversity Conservation Act 1999*, be disallowed. (*Notice given 15 September 2009. Regulations will be deemed to have been disallowed unless disposed of within 13 sitting days, including today.*)

18 **MRS GASH:** To move—That the House:

- (1) recognises the extent of abuse and neglect inflicted on Australian children who were placed in the care of the Government in institutions or out of home care during the last century;
- (2) acknowledges the neglect of all governments that allowed this abuse, pain and suffering to continue for so many years;
- (3) condemns the Government for failing to apologise to these forgotten Australians whose lives have been adversely affected as a result of their childhood abuse; and
- (4) calls on the Government to issue an unequivocal apology immediately to all victims of such abuse. (*Notice given 16 September 2009. Notice will be removed from the Notice Paper unless called on on any of the next 8 sitting Mondays after 19 October 2009.*)

- (2) acknowledges the hazardous and difficult conditions that were experienced by the members serving with the Royal Papua and New Guinea constabulary;
- (3) notes that former members of the Regular Constabulary of the Royal Papua and New Guinea Constabulary may be entitled to long service and good conduct medals, such as the National Medal, subject to meeting eligibility criteria;

- (4) supports moves to allow former members of the Field Constabulary to count their service towards the National Medal;
- (5) notes that qualifying service to meet the eligibility criteria for the National Medal must include at least one day of service on or after the medal's creation on 14 February 1975;
- (6) expresses concern that many former Kiaps may not meet the eligibility criteria for the National Medal, as eligible Kiap service ceased on 30 November 1973;
- (7) recognises that the Trust Territory of New Guinea, under the terms of the *Papua New Guinea Act 1949* and the Trusteeship Agreement for the Territory of New Guinea, held sovereignty unto itself and as such, was at law an international country (and foreign to Australia);
- (8) recognises that the Governor-General's assent of the *Papua New Guinea Act 1949* and the signing of the "Trusteeship Agreement" for New Guinea by the Australian Government, prescribed service activity whereby the service was carried out by members of the Australian Police Force and the service was undertaken as part of an international operation; and
- (9) calls on the Australian Government to change the eligibility criteria applying to the Police Overseas Service Medal so as not to prevent the award of the medal to those:
 - (a) Australian public servants who were employed through the Australian Government and served in the Australian administered United Nations Trust Territory of New Guinea between 1949 and 1974; and
 - (b) individuals serving in Papua New Guinea as sworn and armed Commissioned Officers of the Royal Papua and New Guinea Constabulary (at the time an Australian External Territorial Police Force). (*Notice given 16 September 2009. Notice will be removed from the Notice Paper unless called on on any of the next 8 sitting Mondays after 19 October 2009.*)

- (1) notes the impact that the noise generated by aircraft landing at Sydney (Kingsford-Smith) Airport in Sydney has on all residents of surrounding suburbs;
- (2) recognises the importance of the Long Term Operating Plan (LTOP) for Sydney Airport and Associated Airspace as a mechanism to implement a policy of noise sharing;
- (3) acknowledges the Ministerial Direction issued under sub section 16(1) of the *Air Services Act 1995* dated 30 July 1997, requiring Airservices Australia to implement the general structure and layout of the flight paths shown within LTOP;
- (4) expresses concern:
 - (a) at the failure of Airservices Australia to fully implement the jet flight paths prescribed in the LTOP; and
 - (b) with the actions taken by Airservices Australia to develop and utilise new jet flight paths at will, particularly the use of Boree Four Standard Terminal Arrival Route which involves aircraft arrivals using airspace over the electoral divisions of Bradfield, North Sydney, Lowe, Grayndler, Watson, Barton and Cook, particularly during the operation of the airport curfew; and
- (5) calls on the Minister for Infrastructure, Transport, Regional Development and Local Government to take all necessary steps to direct Airservices Australia to confine jet aircraft arrivals to the jet tracks indicated in the LTOP. (*Order of the day will be removed from the Notice Paper unless re-accorded priority on any of the next 8 sitting Mondays after 19 October 2009.*)

 - (c) the sixth Article XIV (Entry Into Force) Conference of the CTBT will be held 24-25 September 2009;
 - (d) for more than half a century, countless scientific experts, political leaders and community organisations have pursued the goal of a more secure world free of the dangers of nuclear weapons test explosions;
 - (e) the CTBT is important to all states because it stigmatizes nuclear testing, halts the qualitative and quantitative nuclear arms race and the development of increasingly more destructive weapons, and protects human health and the global environment from the devastating effects of nuclear weapons production and testing; and
 - (f) nine states required for the entry into force of the treaty have not yet ratified the treaty; and
- (2) calls on the Government to:
 - (a) renew and sustain dialogue with those nine states that have not ratified the CTBT, urging them to do so without delay, most notably those states possessing nuclear weapons, the United States, China, India, Pakistan, Israel and the Democratic People's Republic on Korea;

- (3) demands that the Myanmar regime drop the current set of charges against Daw Suu Kyi, and immediately and unconditionally release her from detention;
- (4) applauds Daw Suu Kyi for her courage in peacefully protesting for the democratic rights of the people of Myanmar over many years and with great dignity and civility; and

9 **POLIO SURVIVORS:** Resumption of debate (*from 17 August 2009*) on the motion of Ms King—That the House:

- (1) polio survivors continue to be the single largest disability group in Australia today, numbering in the tens of thousands;
- (2) this number not only includes those who contracted polio in Australia during the epidemics last century, but also young polio survivors who have migrated from countries where polio is still prevalent or only recently eradicated;
- (3) the needs of polio survivors have been largely neglected since vaccination against the disease became a reality, and as they age with chronic disabilities this neglect must be addressed as a matter of urgency;
- (4) over the last 20 years much attention has been drawn to the development of new, previously unrecognised, symptoms which occur in people who were thought to have reached a stable level of recovery after the acute disease;
- (5) symptoms of the late effects of polio include unaccustomed fatigue unrelated to activity, decreased strength and endurance, pain in muscles and/or joints, an inability to stay alert, weakness and muscle atrophy, muscle and joint pain, muscle spasms and twitching, respiratory and sleep problems, swallowing and speaking difficulties, depression and anxiety.
- (6) over the last 20 years polio survivors have established state-based post-polio organisations to provide information and support for fellow survivors, and that these networks are run by polio volunteers who themselves are experiencing increased disability and decreased mobility; and
- (7) in the coming years it is increasingly inevitable that many state networks will cease to function as volunteers find themselves unable to continue the service, thereby creating the necessity for a central body, Polio Australia, to take over responsibility for state functions. (*Order of the day will be removed from the Notice Paper unless re-accorded priority on any of the next 6 sitting Mondays after 19 October 2009.*)

- (3) acknowledges that adoption of Recommendation 8 to insert a new clause into the Franchising Code of Conduct imposing a good faith requirement on franchisors, franchisees and prospective franchisees to act in good faith in relation to all aspects of a franchise agreement, would impose a standard of behaviour that would discourage opportunistic and unethical conduct in the franchising sector; and
- (4) notes that:
 - (a) amendments to the *Trade Practices Act 1974*, imposing pecuniary penalties for breaches of the Franchising Code of Conduct, would further act as a deterrent and ensure full compliance with the Code and also discourage opportunistic and unethical conduct in the franchising sector; and
 - (b) while the Minister fails to implement all 11 recommendations, aggrieved franchisees will continue to lose their livelihoods and homes and many will continue to have no means for redress without recourse to expensive and often unaffordable litigation. (*Order of the day will be removed from the Notice Paper unless re-accorded priority on any of the next 6 sitting Mondays after 19 October 2009.*)

17 AREA CONSULTATIVE COMMITTEES: Resumption of debate (*from 1 June 2009—Mr Cheeseman, in continuation*) on the motion of Mrs Moylan—That the House:

- (1) notes:
 - (a) that the Area Consultative Committees (ACCs) were first formed by the Hawke Labor Government as regional advisory bodies to Federal Parliament;
 - (b) the Howard Government gave them real purpose by restructuring their activities to act as a 'shop front' to assist regional communities through the process of applying for Commonwealth government grants;
 - (c) the ACCs had an advisory role in regards to community benefits and assessed the viability of proposed projects;
 - (d) there were 54 ACCs Australia-wide and they were not-for-profit incorporated bodies under the relevant State associations incorporation Acts, operating with around \$300,000 per ACC of operational funding from the former Federal government;
 - (e) the Boards are voluntary with a ministerially appointed Chairman and Deputy Chairman; and
 - (f) that by contrast to Regional Australia's loss of national resources and control over development, the Government has established a Better Cities unit in Sydney;

 - (e) its failure to value and recognise the volunteer effort, including the unpaid skills and abilities of community members;
