  - (b) those involved in mineral exploration and mining projects, particularly in Western Australia, are subject to an already burdensome approvals process;
  - (c) adding more red tape by applying National Heritage status to such a vast area would be the breaking point for many companies who would consider moving their investments to other locations;
  - (d) an ill-defined approach suggests a lack of research and understanding of heritage listings; and

**3 MR SIDEBOTTOM:** To move—That the House:

- (1) is highly critical of Telstra for introducing a \$2.20 fee for over-the-counter and mail payments of Telstra bills;
- (2) notwithstanding concessions for pensioners and some Health Care Card holders, notes such a charge is an unfair penalty on low income families and individuals and considers it to be a penalty which is unfair and unjust;
- (3) regards the \$2.20 fee and accompanying increases in processing charges for payment by credit card as an attempt to herd people onto the Internet or force them into direct debit arrangements, often against their wishes or capacity;
- (4) acknowledges these increases will negatively affect thousands of low income customers and fly in the face of Telstra Chief Mr David Thodey's corporate instruction to Telstra staff and agencies to become 'customer ambassadors'; and
- (5) on behalf of the many thousands of loyal Telstra customers who will be negatively affected by these charges, asks Telstra to rescind the fee and demonstrate in a practical way that Telstra is, once again, truly 'an agent of the customer'. - (4) expresses concern:
  - (a) at the failure of Airservices Australia to fully implement the jet flight paths prescribed in the LTOP; and
  - (b) with the actions taken by Airservices Australia to develop and utilise new jet flight paths at will, particularly the use of Boree Four Standard Terminal Arrival Route which involves aircraft arrivals using airspace over the electoral divisions of Bradfield, North Sydney, Lowe, Grayndler, Watson, Barton and Cook, particularly during the operation of the airport curfew; and
- (5) calls on the Minister for Infrastructure, Transport, Regional Development and Local Government to take all necessary steps to direct Airservices Australia to confine jet aircraft arrivals to the jet tracks indicated in the LTOP.     - (c) the mismanagement and illicit trade of extractive resources from the DRC support conflict between militias and armed domestic factions in neighbouring countries; and
  - (2) calls on the Government to promote peace and security in the eastern DRC by supporting efforts of the Government of the DRC and the international community to monitor and stop commercial activities involving natural resources that contribute to illegal armed groups and human rights violations. - (1) notes that the Henry Tax Review:
  - (a) concluded that the existing occupational superannuation scheme is only capable of providing ‘adequate’ income for most retirees in Australia;
  - (b) made the in-principle recommendation that the fairness of the existing tax assistance to superannuation needs to be improved and that the generous salary-sacrifice concessions need to be limited; and

- (2) recognises that in anticipation of the final December 2009 report, a national debate on superannuation reform is needed; and
- (3) acknowledges that this debate should focus on:

  - (3) notes its concern that in a world of plenty there are still unacceptably high child and maternal mortality rates in the developing world;

- (4) recognises that progress toward the MDGs is being hampered by the global financial crisis, the global food crisis and the global effects of climate change;

  - (6) notes also Australia's commitment to, and support for, reform of the United Nations' system in order to ensure that the organisation reflects today's world and is able to function efficiently and effectively; and

##### Orders of the day

- 1 **RU OK? DAY:** Resumption of debate (*from 23 November 2009*) on the motion of Mr Georganas—That the House:
- (1) notes the tragic loss of life to suicide which has taken an average of approximately 14 persons per 100,000 in Australia through most of the twentieth century—three quarters being male—and a disproportionately large number being in rural and regional areas;
  - (2) notes the establishment of RU OK?, an important national initiative to raise awareness about suicide rates, the impact of suicide on our society, and how we can all help to prevent suicide by connecting with each other;

- (3) recognises and supports the inaugural *RU OK? Day* on 29 November 2009 that will bring Australians together to prevent suicide and raise the profile of organisations providing support for those affected by, or at risk of, suicide;
  - (4) acknowledges that sector research shows that people at risk are helped by talking about their problems—that a single conversation could change a life; and
  - (5) works to inspire and encourage all Australians to connect with friends and loved ones to prevent small problems from becoming big ones, by reaching out to anyone doing it tough and asking them ‘Are you OK?’. (*Order of the day will be removed from the Notice Paper unless re-accorded priority on any of the next 8 sitting Mondays after 8 February 2010.*)
- 2 SUPPORTING WHITE RIBBON DAY:** Resumption of debate (*from 23 November 2009*) on the motion of Mr Oakeshott—That the House:
- (1) recognises that Wednesday 25 November 2009 is the International Day for Elimination of Violence Against Women which is symbolised by the wearing of a White Ribbon;
  - (2) calls on all men to actively participate in White Ribbon Day and speak out against violence against women;
  - (3) recognises and applauds the recent work of the Asian Forum of Parliamentarians on Population and Development (AFPPD), to which the Australian Parliamentary Group on Population and Development is a member, for the establishment of the AFPPD Standing Committee of Male Parliamentarians on Prevention of Violence against Women and Girls on 7 September 2009;
  - (4) acknowledges that the establishment of the AFPPD Committee is a significant step in bringing together male parliamentarians from across Asia as role models and outspoken activists for the prevention and elimination of violence against women and girls;
  - (5) notes that one in three Australian women will experience physical or sexual violence in her lifetime; and
  - (6) acknowledges that gender based violence costs the Australian economy over \$15.1 billion each year, including health, work absenteeism, police and court related costs. (*Order of the day will be removed from the Notice Paper unless re-accorded priority on any of the next 8 sitting Mondays after 8 February 2010.*)
- 3 ASSISTING THE VICTIMS OF INTERNATIONAL TERRORISM BILL 2009** (*Mr Abbott*): Second reading (*from 23 November 2009—Mr Baldwin, in continuation*). (*Order of the day will be removed from the Notice Paper unless re-accorded priority on any of the next 8 sitting Mondays after 8 February 2010.*)
- 4 MATERNAL, NEW BORN AND CHILD HEALTH:** Resumption of debate (*from 23 November 2009*) on the motion of Ms Rea—That the House:
- (1) applauds the Government’s increase of total health funding in the foreign aid budget and an increase in spending to maternal, newborn and child health, which is much needed when in our region, including South Asia, 200,000 mothers and 3.2 million children are dying every year from preventable causes;
  - (2) notes that:
    - (a) Australia still requires an increase in total health funding in the foreign aid budget to progress toward the Millennium Development Goals (MDGs) 4 and 5 by 2015;
    - (b) Millennium Development Goal 4 to reduce child mortality by two-thirds and MDG 5 to reduce maternal mortality by three-quarters have made the slowest progress of all MDGs and are off-track to being achieved by 2015;
    - (c) Millennium Development Goal 5 has made virtually no progress globally and has reversed in most of sub-Saharan Africa in the last 20 years—it is the only MDG not making progress of any significance;
    - (d) the health MDGs are achievable but require increased effort and greater cooperation from all developing and developed countries; and
    - (e) evidence indicates that successful proven, cost effective strategies exist that can reduce child deaths by at least 60 per cent and maternal deaths by 75 per cent, which would save the lives of 240,000 children and 26,000 mothers in our immediate region each year;
  - (3) acknowledges the importance of the Australian Government increasing its support for health systems in the Asia Pacific region and in Africa (through coordinated mechanisms including the International Health Partnership) to ensure that adequate, coordinated, long term and predictable donor resources

are available to support effective basic and reproductive health plans and systems in each developing country in our region; and

- (4) recognises that:
- (a) greater focus must be placed on training health professionals and midwives to ensure significant reductions in newborn, child and maternal mortality;
  - (b) system strengthening must also be ensured to provide incentives for staff to be retained in countries and areas of need; and
  - (c) an increase in Australian support for maternal and child health related spending is required to support the provision of basic health services and strengthened health systems; and that this will demonstrate Australia's leadership and commitment to ending the preventable deaths of children and mothers globally. (*Order of the day will be removed from the Notice Paper unless re-accorded priority on any of the next 8 sitting Mondays after 8 February 2010.*)

**5 INTERNATIONAL DAY FOR THE ELIMINATION OF VIOLENCE AGAINST WOMEN:** Resumption of debate (*from 23 November 2009*) on the motion of Mrs Mirabella—That the House:

- (1) recognises that Wednesday 25 November 2009 is the International Day for the Elimination of Violence against Women, the symbol of which has become the White Ribbon;
- (2) applauds the work done by the White Ribbon Foundation of Australia to raise awareness amongst all Australians of the fact that many women and their children live with violence, or the threat of violence every day of their lives;
- (3) notes that approximately 350,000 women will experience some form of physical violence and 125,000 women will experience sexual violence each year;
- (4) encourages all Australians to speak out against all forms of violence and when necessary take action against violence that may be occurring within their community;
- (5) notes that violence against women costs the Australian people \$13.6 billion annually;
- (6) notes that the Rudd Government has squandered \$16.2 billion on the Deputy Prime Minister's Building the Education Revolution program while committing less than one third of a per cent of that amount (\$55.2 million) to address this insidious problem; and
- (7) condemns the Government for failing to commit any new money in response to the Time for Action Report while rebadging initiatives which were funded under the previous Coalition Government's Women's Safety Agenda. (*Order of the day will be removed from the Notice Paper unless re-accorded priority on any of the next 8 sitting Mondays after 8 February 2010.*)

**6 TAX LAWS AMENDMENT (IMPROVING THE PRODUCER OFFSET) BILL 2009** (*Mr Ciobo*): Second reading (*from 23 November 2009*). (*Order of the day will be removed from the Notice Paper unless re-accorded priority on any of the next 8 sitting Mondays after 8 February 2010.*)

**7 AUSTRALIAN LIVE EXPORT INDUSTRY:** Resumption of debate (*from 16 November 2009—Mr Georganas, in continuation*) on the motion of Mr Haase—That the House:

- (1) recognises that the Australian live export industry:
  - (a) employs 13,000 Australians nationally across 30 separate business types;
  - (b) contributes AUD\$1.8 billion each year to Australia's Gross Domestic Product;
  - (c) pays AUD\$987 million a year in wages and salaries; and
  - (d) contributes AUD\$830 million to regional economies and underpins the economic and social wellbeing of large slices of rural and remote Australia, particularly in Western Australia;
- (2) notes that:
  - (a) Australia is regarded as the world leader in livestock export regulation and management;
  - (b) if Australia stopped live export, the trade would go to less scrupulous countries than ours and put severe supply pressure on already struggling third world countries;
  - (c) it would cost the Australian economy AUD\$1 billion to phase out live trade;
  - (d) the cessation of live export would have a severe impact on domestic markets, particularly in the regions;
  - (e) many pastoralists in the electoral division of Kalgoorlie do not have the option to crop as an alternative industry as suggested by the Royal Society for the Prevention of Cruelty to Animals (RSPCA) commissioned ACIL Tasman report; and

- (f) the RSPCA and People for the Ethical Treatment of Animals (PETA) should focus on real and relevant animal cruelty issues; and
- (3) considers that the Australian Government should commit to a campaign countering RSPCA and PETA misinformation. (*Order of the day will be removed from the Notice Paper unless re-accorded priority on any of the next 7 sitting Mondays after 8 February 2010.*)

- (1) polio survivors continue to be the single largest disability group in Australia today, numbering in the tens of thousands;
- (2) this number not only includes those who contracted polio in Australia during the epidemics last century, but also young polio survivors who have migrated from countries where polio is still prevalent or only recently eradicated;
- (3) the needs of polio survivors have been largely neglected since vaccination against the disease became a reality, and as they age with chronic disabilities this neglect must be addressed as a matter of urgency;
- (4) over the last 20 years much attention has been drawn to the development of new, previously unrecognised, symptoms which occur in people who were thought to have reached a stable level of recovery after the acute disease;
- (5) symptoms of the late effects of polio include unaccustomed fatigue unrelated to activity, decreased strength and endurance, pain in muscles and/or joints, an inability to stay alert, weakness and muscle atrophy, muscle and joint pain, muscle spasms and twitching, respiratory and sleep problems, swallowing and speaking difficulties, depression and anxiety.
- (6) over the last 20 years polio survivors have established state-based post-polio organisations to provide information and support for fellow survivors, and that these networks are run by polio volunteers who themselves are experiencing increased disability and decreased mobility; and
- (7) in the coming years it is increasingly inevitable that many state networks will cease to function as volunteers find themselves unable to continue the service, thereby creating the necessity for a central body, Polio Australia, to take over responsibility for state functions. - (3) acknowledges that adoption of Recommendation 8 to insert a new clause into the Franchising Code of Conduct imposing a good faith requirement on franchisors, franchisees and prospective franchisees to act in good faith in relation to all aspects of a franchise agreement, would impose a standard of behaviour that would discourage opportunistic and unethical conduct in the franchising sector; and
- (4) notes that:
  - (a) amendments to the *Trade Practices Act 1974*, imposing pecuniary penalties for breaches of the Franchising Code of Conduct, would further act as a deterrent and ensure full compliance with the Code and also discourage opportunistic and unethical conduct in the franchising sector; and
  - (b) while the Minister fails to implement all 11 recommendations, aggrieved franchisees will continue to lose their livelihoods and homes and many will continue to have no means for redress without recourse to expensive and often unaffordable litigation.
