# THE PARLIAMENT OF THE COMMONWEALTH.

### No. 20.

# VOTES AND PROCEEDINGS

OF THE

# HOUSE OF REPRESENTATIVES.

## WEDNESDAY, 27TH MAY, 1914.

- 1. The House met, at half-past two o'clock p.m., pursuant to adjournment.—Mr. Speaker took the Chair, and read Prayers.
- 2. Removal of Mace, and Other Irregular Proceedings.—Mr. Speaker made the following statement to the House—

I think it right to bring under the notice of the House certain irregular proceedings in relation to the conduct of the business of the House which transpired during the course of last week's sittings.

When the proceedings were resumed after the luncheon adjournment on Friday, it was reported to me that the Mace had been removed by some unauthorized person. I had a search instituted, and, at a later hour of the day, an attendant recovered the Mace, which had been secreted under one of the Opposition benches. In connexion with this episode, the names of two honorable Members of this House have been published by the *Argus* newspaper. Perhaps the honorable Members concerned may desire to offer an explanation of the incident to the House.

About the same time, I missed the Speaker's copy of "May's Parliamentary Practice" from its accustomed place on my desk. This was recovered at a late hour at night by one of the attendants, lying open, face downwards, in a fuel locker in the North Lobby. All the reference marking slips, which I had inserted for convenience of ready reference on points liable to crop up during various stages of the proceedings of the House, were missing, and have not since been recovered.

I discovered subsequently that other papers, typed and in manuscript, having special reference to authorities and House of Commons' decisions relating to rulings I had given, which are the subject of notices of motions of dissent on the business paper, were missing from my desk.

In the early hours of the morning, when a division was about to take place, the attendants reported that the keys had been removed from the Chamber doors on either side of the Speaker's Chair, and thus the doors could not be locked during the Divisions. And, later, it was reported to me that the communication door, leading from the passage behind the Speaker's Chair into the Queen's Hall, had been locked and the key removed.

The interference with the exits and entrances to the Chamber is, in my opinion, a matter of very grave importance, involving, as it does, the obstructing of Members in the performance of their legitimate duties in the House, and the several matters mentioned I think should be noticed by the House, as every Member is personally concerned in anything affecting the rights and privileges of Members, and the honour, dignity, credit, and reputation of Parliament.

Mr. Higgs (one of the Members referred to), Mr. Joseph Cook (the Prime Minister), Mr. Fisher (the Leader of the Opposition), and other honorable Members addressed the House on the matter.

3. Paper.—The following Paper was presented, by command of His Excellency the Governor-General—Postmaster-General's Department—

Postal Service—Report by Mr. Geo A. Gasman, Superintendent of Mails, Chicago, regarding "Machinery in the Postal Service."

Ordered to lie on the Table, and to be printed. F.3339.

4. Printing Committee—First Report from.—Mr. McWilliams, Chairman, brought up the First Report from the Printing Committee (sitting in conference with the Printing Committee of the Senate).

The Report was read by the Clerk, and is as follows:-
