**Date Received: 7/6/2013**

My name is Jodie Vindis and I have worked in the child care industry for the past 3 years,I believe that all Childcare workers should be included in the increase in the hourly rate regardless of weather or not they work at long hour centres as the service and care provide by all child careers should be acknowledged. We all go to our jobs with the same goal in mind to look after the children in our care,and we should be recognized for that not separated by the hours of our centres.

Signed: Jodie Vindis
