

House of Representatives Standing Committee
on Family and Community Affairs

Submission No: 1369

Date Received: 19-9-03

Secretary:

Dear Mr Forbes,

Thank you for answering my letter in reference to child support. Unfortunately it is not only my son who is affected it has affected me as well. You see his X wife let him walk out with hardly anything even though his money had bought all the material things viz furniture white goods etc. So I had to supply him with everything as he works for Old Rail and now that has left me with only the single aged pension to live on. Another problem which I don't think the Government consider is if I were to die suddenly neither he or I have the money for a funeral

I can't understand how the Government
can allow all this to happen when so
many people get hurt for no reason.

In reference to my permission being
made public I do not wish that to happen.
Thank you. I have written many letters
to Family Services no Anthony, but
up until now they just say rules can't
be changed, and they do not answer
my letters in connection to my desire
because I don't think anybody has asked
them that question. The members of
Parliament who introduced single
mothers' pensions and the present
Government introducing C. S. T. should
try to live on a single pension and see
how good they would manage.

Thank you for answering my letter.
Yours sincerely, [redacted]
