SUBMISSION RE: Constitutional Recognition of Local Government

I, Simon Shields, citizen of Australia and resident of Victoria reject the proposal that local government be recognized by our constitution.
Many Australians are now aware of the UN policy of AGENDA 21 and know that local government will be used to fully implement this UN policy to its fullest extent.
Local government in many states are using their "power" to strip people of their rights to own and manage their own land, with the help of state governments. THIS IS UNACCEPTABLE TO US.

IT IS MY WILL that this proposal be put to a referendum as has happened before and that this referendum will be seen as the WILL of the people and the final decision.

Yours sincerely

Simon Shields
