RE: AUSTRALIAN SUPER HORNET FACILITIES PROJECT  
RAAF BASE AMBERLEY  
QUEENSLAND

Dear Mr Rodrigues

Thank you for the opportunity to comment on the Statement of Evidence for the above mentioned works for the Department of Defence.

A review of the Statement of Evidence to the Joint Parliamentary Standing Committee on Public Works has been carried out for compliance with the *Energy in Government Operations* (EEO) policy.

In consideration of the information provided in the Statement, I am satisfied that there is sufficient intent to comply with the relevant provisions of the EEO policy with the following point to be noted:

- At Para. 72, the Australian Building Greenhouse Rating is now referred to as NABERS Energy. Please refer to <http://www.nabers.com.au/office.aspx> for further information.

If you wish to discuss this matter further, please do not hesitate to contact me on (02) 6274 1734 or at [lloyd.woodford@environment.gov.au](mailto:lloyd.woodford@environment.gov.au).

Yours sincerely
