

Submission to Parliamentary Inquiry

To:	Parliamentary Inquiry on Strata Titled Insurance
From:	Charlotte Hislop
Location of Property:	[REDACTED]
Number of Units:	10 in our complex
Comments:	I am disgusted in the increase in our insurance premiums for our complex. Our premium was only \$3000.00 in 2010 and now it is almost \$7000.00. I want to know why it has more than doubled when the value of our complex has dropped. Our council rates have also increased which is making the cost of ownership unaffordable for us and so many other people across Far North Queensland.
