Re The House of Representatives Standing Committee on Education
and Employment

Workplace Bullying - SUBMISSION

In response to your telephone call yesterday (29-06-12) I state:
I was subjected to harassment (workplace bullying) in office
87-89 by management because of concerns
by some in of my security standing. These appear to have
arisen from my report of corrupt practices by senior
officers (previous employer) This lead to
my unfair dismissal from (read in conjunction with
documents in possession) (further papers can be provided as well as
an elaboration of this statement).

I believe these incidents fall under your terms of
reference particularly: "prevalence of workplace bullying in
Australia and the experience of witnesses of workplace bullying"
