Secretary:

Dear Sir/Madam,

As a separate father I feel I
am part of the only group of people who are
legally allowed to be discriminated against in
this country.

I am not a wife basher / child basher
yet for some reason I can only see my kids
two days per fortnight simply because I am male,
and the Feminism Taliban have so much power
and Labour + Liberals pander to their every
whim. (Whereas the Minister for Mens Interests)?

I or my ex. do not have any family in
Australia, who would you expect to look after
my kids after the Government (Family Court) destroys
my relationship with my kids, if anything
happened to the mother.

Only seeing my kids two days a fortnight
is like a fortnightly BELIEVEMENT. If I had
known what heartache I was in for ten years
ago I would ^{have} heeded the advice given by a
friend to "walk away + not look back".

(2) Men don't have the choice that women do of leaving a bad relationship if they do they lose their kids, home & most of their life savings then have the C.S.A. attack. This Agency is the Women's Electoral Lobby's KGB.

One telephone call from the woman called the C.S.A. attacks, yet when you're told you can't see your kids on Xmas or their birthdays who takes the father's side. perhaps a \$220.00 per hour lawyer. one more member of The Father Removal Industry

It should be 50/50 custody and no more discrimination. Also changes to the Child Support Agency and no more stupid penal percentages.

But most importantly stop pandering to the feminism lobby groups (WEM / FEMINISTS) and the Pen Gowatts / GERALDINE DOOGUES with their bias agendas.

Stop giving females such massive financial incentives to end marriages and walk away with the house and pension for life in the form of their income producing assets - the children.

I love my children and they love me, so who does this system benefit.

Yours sincerely.

Glyn Taylor.
