Dear Secretary,

I wish to make a submission to the House of Representatives Standing Committee on Family, Community, Housing and Youth's Inquiry into Better Support for Carers.

As a Carer, I feel that my role is

to be able to help my mum to take care of her other
children and for me to be able to take care of my mum.

I face the following problems ...

I am 11 and since I still go to school it disturbs my
learning and my mum gets angry at me with her border
line personality disorder, bi-polar depression and
frontal lobe epilepsy.

I need help with ...

taking care of her when she is angry but I all so have
a kids help line when my grandpa get for me.

I think the Government can better help Carers by ...

Money to get me adult help at home, some one
to call me ~~once~~ a day when I am not at school like in
the morning and night, people to shake of my mum
when im at school.

Thank you for taking my views into consideration as part of the Committee's Inquiry. I look forward to reviewing any recommendations you make to improve life for Carers in Australia.
