

Last please do not waste my time, Dr's time, Specialist time, centre link time, paper, creating stress, while wasting more money.

Do not ask for the same information over & over again within weeks. Client/child to Dr for forms = pension request
 Client/child forms for = education Refr.
 forms Client/child - cover to Dr & specialists = cover request
 forms for disability services
 forms for services provider.

When ask over & over again to the bank ATM slip not good enough we need a statement original, go to Dr's copy of last report not good enough around collecting info for cruel & heartless centre link staff, repeating information over & over again. It's on the computer why not copy it?

x Please make one form a year to cover all your departments. Make your forms idiot proof my Dr. needed help because they are so poorly made. and cover ^{please} both cases & client/child on the same form.

Thank you for your care in these matters and also many thanks for your financial report I am very grateful.

Jean
