

Dear Sir/Madam

Even though the multicultural agenda has been in progress around the world for most of last century, I wish to point out the issues where it does not work and will not work in Australia.

When Australia had the white Australia policy, most of the immigrants came from Christian countries which included England, America, Italy, Germany, Holland, France, Switzerland, Austria, etc.

Even though the languages were different, the immigrant cultures were based on the foundation of the Australian Constitution - ie. the Christian Heritage with Jesus, the Bible and 10 Commandments as the cornerstone.

This made all of these immigrants fully compatible after they assimilated into the Australian culture.

I believe (and it is shown in overseas European Countries) that non-christian based faiths are NOT COMPATIBLE with our way of life, and that they will NOT ASSIMILATE with our population, and will be a constant irritation to laws and society.

For example - would a Muslim accept the following:

- Eating non-halal food when halal food is available?
- Marriage to a another person of a different religion (without the requirement of that person becoming a Muslim)?
- Integrating fully with Australian Society - football / soccer / Western music / banking system / housing system, etc?
- Allowing their women to dress like western women with their bodies exposed as shown in commercials or as Australians are on the beach?
- Will they accept homosexual and lesbian lifestyles?
- Will they be truthful to Western people?

The Muslims will not integrate with ANY Western society as shown in many countries - Holland, France, Germany, Switzerland, England.

There are also issues with other nationalities and faiths, but it would take too long to expand on them here.

So I believe that multiculturalism is a DANGEROUS AGENDA that will destroy Western culture, and it may not affect us now, BUT IT WILL CHANGE SOCIETY FOR OUR CHILDREN TO A EASTERN STYLE LIFESTYLE.

So please check the web for these integration problem issues, and consider the direction of Australia very carefully.

God Bless
