Dear Sir/Madam

The National Australia Day Council currently enjoys a strong and growing relationship with the National Capital Authority.

Our vision is to inspire national pride and enrich the life the nation through the celebration of Australia Day and the presentation of the Australian of the Year Awards. We aim to animate the Australian spirit, and have found there to be many synergies with the National Capital Authority regarding our organisational objectives.

The Authority and our organisation share a goal of commitment to nation-building projects and their long support of Australia Day is much valued. We expect to continue to work with them to significantly grow this in future years.

The Authority also enhances and promotes other national occasions such as Christmas in the Capital, United Nations Day, commemorative events on ANZAC Parade, summer events and many more. In addition to their planning and estate management responsibilities, promotion and event activities conducted by the Authority are significant for the nation.

The work of the Authority enhances the place of Canberra in the hearts and minds of all Australians and animates the city as the civic centre of the nation. I believe the organisation complements the role of the Territory and other authorities and I commend the Authority on its work.

Yours sincerely

Warren Pearson
National Director
