

TO THE HONOURABLE SPEAKER AND MEMBERS OF
THE HOUSE OF REPRESENTATIVES

This petition ofCertain citizens of Australia

Draws to the attention of the house.....The alarming increase of
Migration.

We therefore ask the house to := Decrease the numbers of migrants
as Australia is now in a major drought ,the housing situation is
unable to house many of our own Citizens –It is impossible to be
admitted to a Public Hospital for Elective surgery and there are not
enough jobs for school leavers or un-skilled workers.
