
HOUSE OF REPRESENTATIVES PETITION
Post Office for Jewells

To the Honourable Speaker and Members of the House of Representatives assembled in Parliament.

This petition of concerned residents of Australia draws the attention of the House the need for a Post Office in Jewells. We the undersigned believe that there should be a Post Office in the Jewellstown Shopping Centre

Your petitioners therefore respectfully request the House to consider the opening of a Post Office at Jewells, as this area has the population to support their own service.
