House of Representatives Standing
Committee on Communications,
Transport and the Arts

Submission No: 17

Date Received: 9 October 2000

Secretary: Janet Holmes

Dear

I am writing to complain about the take over of radio station 2.T.M it now becomes an utter disgrace. We do not get any thing local for people in the bush to hear nothing but Sydney on our local station which means a lot to people in the Country.

To switch it on of a morning and you get Bloody fishing reports from around Sydney plus traffic jams various streets around Sydney and we never get local rainfall unless we can get ~~your~~ ^{our} local D.T. which is not often sometimes you get a stupid talk back from Sydney.

We had a beautiful country music show all night which we have lost it went all through Otd and SA NSW listeners and Tamworth is know as the country.

2

music capital.

The biggest kick in the guts
country people ever had to
put up with

yours

The Jones family
