To The Secretary of House
Communications Committee.

Dear Sir,

I am lodging a complaint about our
Radio station 2LM. Lismore and others. I could
twist my radio dial and listen to others
station in my radius.

now all I can get is the one lot of boring
voices the same boring programs and
worst of all Howard who took over, where ^{we} could
once hear John Lawes

Just because we dont live in Sydney
doesn't mean we dont need variety like
city people, why cant we too have a choice
to listen too.

Why was it allowed by government that
one company should own 29 station in
new South Wales & Queensland.

We demand a fair go in the matter 2LM
station is a no no after 9AM each day.

Please listen to us in outer Sydney areas

yours faithfully
Chris) Pheyl Connell
