To whom it may concern

We have been listners of what used to be our Local Radio stn 2PK Parkes for many years and have experienced many changes over the years but none as callous and thoughtless as this change for the year 2000 when Radio 2SM took over our local stn. For starters how a Sydney based stn could possibly run a stn in the country is beyond us. The interests of City people is far different to that of their country cousins, for one instance the whole of our family have for many years have been a member of a club which was formed by our local stn.
