

Hi,

We would like to express our concern about the Early Years Quality Fund as it is not available equitably to all educators across the industry. This fund raises discrimination and inequality. When all of us have to implement same quality standards and regulations why can't all of be paid the same. Is it a competition? This must be investigated before being implemented.

The requirements are complicated and a whole new agreement has to be in place to be eligible for the funding. Not right!

Best Regards
